TENURE AND PROMOTION GUIDELINES

Achieving tenure and promotion at The University of South Alabama is a multi-step process that begins in the Department and ends with the Board of Trustees. This document describes the tenure and promotion policies, procedures, and criteria of The College of Education and Professional Studies (CEPS). The Guidelines are maintained on the CEPS Faculty Resources webpage at:

<https://www.southalabama.edu/colleges/ceps/facresources.html>.

University policies pertaining to tenure and promotion are set forth in the *Faculty Handbook* and found on the Division of Academic Affairs website:

<https://www.southalabama.edu/departments/academicaffairs/facultyhandbooks.html>

PROMOTION

The parties involved in the promotion process at the Department, College, and University levels rely on the principles and criteria as defined in the *Faculty Handbook* (see Section 3.10). These criteria involve consideration of the quality of teaching, the level of scholarship judged by national standards, and the regular performance of duties, including the ability to participate in a healthy learning environment. The degree of professional achievement is thereby evaluated in teaching effectiveness; research, scholarship, and creative activity; and professional service to the Department, College, University, and where appropriate, the Community.

TENURE

The parties involved in the tenure process rely on the principles and criteria as defined in the *Faculty Handbook* (see Section 3.11). The review process for awarding tenure is conducted during the faculty member's final year of probationary service. The process begins in the Department and includes administrative and peer recommendations at the Department, College, and University levels. The criteria for tenure are the same as for promotion plus the additional important consideration of *collegiality* within the Candidate's department. The Review Committees require evidence of satisfactory performance in all areas. The Candidate must provide evidence of *teaching effectiveness; research, scholarship, and creative activity; and professional service* to the Department, College, University, with evidence of potential for continued achievement.

ELECTRONIC ACCESS PROCEDURES

The College of Education and Professional Studies adheres to the University Promotion and Tenure Policy and Procedures. The procedures explaining electronic access, uploading responsibilities, security roles, file naming, and uploading documents are maintained on the Division of Academic Affairs website at:

<https://www.southalabama.edu/departments/academicaffairs/promotiontenure.html>. A summary of these guidelines and procedures are provided in this document for each level of review.

EXTERNAL REVIEW OF CANDIDATE

An external review of the Candidate's scholarship will be included in all tenure and/or promotion applications except that External Reviewers are not required for promotion to Senior Instructor. Obtaining the reviews will be the responsibility of the Department Chair in accordance with University policy.

Selection of Reviewers

The Candidate should prepare a list of appropriate sources for external review. Here and elsewhere, "appropriate sources for external review" must be reviewers of the appropriate rank: Associate Professor or Professor for applicants for tenure and/or promotion to Associate Professor; Professor for applicants for promotion to Professor. This list may contain specific names of people or names of institutions comparable to the University of South Alabama. External reviewers must be professionally competent and qualified to evaluate the academic credentials of a candidate and who are recognized scholars in the candidate's field of scholarship. External reviewers who have a conflict of interest or appearance of one or whose objectivity may be questioned may not serve in this role. External reviewers should not normally be a former teacher, personal friend of the candidate, or a co-worker in research and publication activities. Exceptions may be made at the discretion of the Dean.

In addition to the list submitted by the Candidate, a list of appropriate sources for external review must be submitted by the Chair of the Department Tenure and Promotion Committee and by the tenured faculty of the department (see *Faculty Handbook 3.10.3 and 3.11.4.3*). The Chair of the Department Tenure and Promotion Committee will select at least one name from each list for a total of three (3) external reviewers. The Candidate is responsible for verifying the names on his/her list prior to submitting to the Chair of the Department Tenure and Promotion Committee. The Chair of the Department Tenure and Promotion Committee is responsible for verifying the names on his/her list and the list provided by the tenured faculty of the Department. The Committee Chair selects a name from each list and submits to the Department Chair, who in-turn, submits the Candidate's materials with a request that the external reviewers provide a written review of the candidate's scholarship. The external review will be included in all levels of the review process. Candidates will be notified of the names of those selected to serve as reviewers after the tenure and promotion process has been completed.

CANDIDATE APPLICATION PROCEDURES

In addition to the college guidelines, the University Promotion and Tenure Guidelines in the Faculty Handbook should be consulted to prepare and organize the Candidate's materials. The Candidate bears the primary responsibility for the presentation of material in support of tenure and/or promotion. For tenure, candidates may include materials produced throughout an academic career. For promotion, candidates should clearly distinguish materials produced before and after the last promotion. Important dates associated with the tenure and/or promotion process are summarized at the end of this document.

External Review

The Candidate will submit via email a list of at least three names and contact information of external reviewers who have agreed to serve to the Chair of the Department Tenure and Promotion Committee (Note: The Candidate is responsible for verifying the external reviewers on their list prior to submitting names to the Chair of the Department Tenure and Promotion Committee). The Candidate will meet with and provide the following three items in PDF format to the Department Chair: (1) a letter of application; (2) a Curriculum Vita generated from Watermark Faculty Success; and (3) samples of published works or similar evidence of the quality of the Candidate's scholarship (see Timeline beginning on page 11).

Document Submission Instructions

A Candidate who is applying for tenure and/or promotion is required to submit the Watermark Faculty Success Promotion and/or Tenure Report and Portfolio. The Candidate will receive email notification from Academic Affairs when Google Drive access is available to upload their Promotion and/or Tenure Report and Portfolio.

The following two documents are required from all candidates applying for tenure and/or promotion:

Promotion and/or Tenure Report

A digital copy of the Candidate's Promotion and/or Tenure Report from Watermark Faculty Success (formerly Digital Measures) <https://www.digitalmeasures.com/login/southalabama/faculty/authentication/showLogin.do> must be included that reflects time-in-rank. Time-in-rank requirements refer specifically to service at the University of South Alabama at a specified rank (see *Faculty Handbook*; Section 3.10.2)

8. Item 3. Select the **File Format** for your report from the drop-down list. Select Microsoft Word (.doc) and page size as “Letter”. However, if you are using a MAC you may have to select PDF as the output option instead of Word if the links do not work.

The Candidate is responsible for reviewing the report, ensuring all electronic links are active, and making all needed changes on the report electronically. Once the Candidate is satisfied that the report accurately reflects his or her activities and accomplishments, a copy of the report should be electronically saved from MS Word as a PDF file for uploading to the Candidate’s Google Drive folder as T&PReport.pdf.

Portfolio

The following documents must be organized and included in the Candidate’s electronic portfolio and named Portfolio.pdf:

1. **Table of Contents.** A paginated table of contents (should be the first entry in the portfolio).

The Candidate is responsible for reviewing the Portfolio for accuracy and ensuring all electronic links are active. Once the Candidate is satisfied that the Portfolio accurately reflects his or her activities and accomplishments, the Portfolio should be electronically saved as a PDF file for uploading to the Candidate's Google Drive folder as Portfolio.pdf.

REVIEW COMMITTEES

The Department and College Tenure and Promotion Committees are guided by University policies as outlined in the *Faculty Handbook*. The members of the faculty charged with review and evaluation of their colleagues' applications for tenure and/or promotion are responsible for the strictest professionalism and confidentiality during and after the review process. Department and College Committees reach their decisions by discussion and secret written vote of each Candidate. Faculty members who participate in the peer review process at both the department and college level must abstain from voting at the College level when Department colleagues are considered.

Departmental Review

The Department Tenure Committee is normally comprised of all tenured faculty members in the Department, excluding the Department Chair. The Department Promotion Committee is comprised of all members of the department, except Assistant Professors, senior in rank to the Candidate, excluding the Department Chair.

The Department Tenure Committee and the Department Promotion Committee are separate entities, though there is likely overlapping membership. With the exception of the review of Candidate's seeking promotion from Instructor to Senior Instructor, membership on the Department Tenure and Promotion Committees may be combined for the purposes of the reviews under a single Chair.

The review process will begin with email notification to committee members from Academic Affairs of Google Drive access to Candidate materials. The Committee reviews all materials with the realization that evidence of continuing scholarly/research/creative productivity as well as teaching effectiveness are typically the essence of all tenure and promotion recommendations. The members of the Department Tenure and/or Promotion Committee are expected to distinguish between scholarship and popularization, and between research for scholarly purposes and activity that is essentially service oriented. This distinction requires a careful evaluation by the committee of the Candidate's research objectives, contributions, and publications and an evaluation of any published commentaries on the Candidate's work. The Department Tenure and Promotion Committee should include an assessment of the quality of the journals in which papers have been published and identify refereed and non-refereed journals, and the degree the Candidate has engaged in external funding opportunities.

The Department Committee's written report must include evaluation of the Candidate's work by the members of the Committee and include a summary of the external reviews. In the case of split decisions, the recommendations must clearly represent the majority and minority viewpoints. The Chair of the Department Tenure and Promotion Committee prepares the tenure and promotion report, as appropriate. The Committee Chair, on behalf of the Committee, must submit a written narrative report that includes the sense of the deliberations and the decisions of the Committee (including a tally of all votes as "yeas," "nays," and "abstentions") that specifically addresses teaching effectiveness; research, scholarship, and creative activity; professional service; and in the case of tenure, collegiality. Every member of the Department Tenure and Promotion Committee, including the Committee Chair, must sign the report with a handwritten signature. The Committee Chair uploads the narrative report in the Candidate's Google Drive folder as *Reviews.pdf* and forwards the signed original report to the Department Chair.

College Review

The College Tenure and Promotion Committee must consist of at least five (5) faculty appointed each year by the Dean with respect to achieving a balance of disciplines. Membership on this Committee shall be limited to tenured faculty at the Associate and Professor ranks. The Committee reviews all applications for tenure and promotion.

The review process begins with email notification to committee members from Academic Affairs of Google Drive access to review the Candidate's materials. The committee reviews all materials with the realization that evidence of continuing scholarly/research/creative productivity as well as teaching effectiveness are typically the essence of all tenure and promotion recommendations. The committee should include an assessment of the quality of the journals in which manuscripts have been published and identify refereed and non-refereed journals, and the degree the candidate has engaged in external funding opportunities.

The College Committee's evaluation must include review of the Candidate's work by the members of the Committee and include a summary of the external reviews. The Committee Chair prepares the tenure and/or promotion report, as appropriate, that indicates a sense of the deliberations and tenure and/or the promotion decision (including a tally of all votes as "yeas," "nays," and "abstentions"). In the case of split decisions, the recommendations must clearly represent the majority and minority viewpoints. Every member of the Committee (whether voting or abstaining), including the Committee Chair, must sign this letter using their handwritten signature. The Committee Chair uploads the narrative report in the Candidate's Google Drive folder as Reviews.pdf and forwards the signed original to the Dean.

DEPARTMENT CHAIR

The Department Chair's report for promotion and/or tenure and justification for the recommendation(s) should be carefully documented and provide a considered statement assessing the Candidate's strengths and concerns in teaching, research and/or creative activities, service, and when appropriate, collegiality. The statement should address all relevant criteria and assess the extent to which the Candidate has met all requirements.

The Department Chair is responsible for each of the following:

1. Communicates with external reviewers who agreed to serve by sending a standard email or letter with review instructions (see note below) and a PDF copy of the candidate's letter of application, curriculum vita, and samples of published works.
2. Informs candidate of the external reviewers selected to serve after the tenure and/or promotion process has been completed.
3. Charges the Department Tenure and Promotion Committee.
4. Makes available to the Department Tenure and Promotion Committee copies of the external reviewer letters.
5. Evaluates the Candidate's portfolio and develops a narrative report.

6. Provides a written summary of both the Department Chair's report and the Department Tenure and Promotion Committee report to the Candidate. At this meeting, the Candidate is presented with the Department Review Notification Form for signature. They have the opportunity to add additional materials within one week of receiving the Department Review Notification Form. Supplemental materials need to be emailed to the dean to be included with the form. Go to the following link:
(<https://www.southalabama.edu/departments/eforms/academicaffairs/deptrevnotificationrev080819.pdf>).
7. Forwards to the Dean the signed original external reviewer letters (include envelope if received by mail or a copy of email message if received electronically), Department Tenure and Promotion Committee report, the Department Chair report, the Department Review Notification Form and a copy of the summary report of the Department Chair's and the Department Tenure and Promotion Committee's reports.
8. Uploads to Candidate's Google Drive folder as Reviews.pdf the signed external review letters and Department Chair report.

Note: Department Chair communication with external reviewers should include the following information/materials:

- Introductory statement about the Candidate and the tenure and/or promotion process at the University of South Alabama (USA).
- Background information on USA and the College of Education and Professional Studies and a brief description of the Candidate's department and its mission.
- The Candidate's application letter, Curriculum vita and other pertinent information from the Candidate's file to include samples of published works or similar evidence of the quality of the Candidate's scholarship that have been provided by the Candidate. Each external reviewer should be provided with the same representative set of the Candidate's scholarly materials.
- Request that the external reviewer:
 - State the nature of their acquaintance with the Candidate.
 - Provide a written review of the candidate's scholarship including a comment on the Candidate's recognition or standing among peers and the likelihood that the Candidate will emerge as a scholar whose work is known and respected by leaders in the field.
 - Write and sign the review on Department letterhead. If returning the review by email, attach the signed review as a PDF and send directly from the externalreviewer's institutional email address to the Department Chair.
- A statement that the external reviewer's name will be made known to the Candidate, but that the Candidate will not be provided access to the review letter.
- Indicate the date (deadline) for receipt of the external review (see Timeline beginning on Page 11).
- Note: The external review letter must contain the handwritten signature of the external reviewer and sent directly to the Department Chair.
