

## M4 Senior ADD/DROP Form (used to edit M4 schedule in Oasis)

This form is to be used to ADD or DROP M4 senior courses. There is enough space for three blocks on each form. Always check course availability in Oasis first. The deadline to add or drop a course is **NO LATER than 30 days BEFORE the course begins**. Check in the M4 OASIS course catalog for more information about each course and their restriction dates. You can use the form available online at our Student Affairs website, but **original signatures** are always required on the final form turned into Mastin #202-(no exceptions). **A Faculty Advisor's original signature is required at the bottom.**

**LATE NOTICE SIGNATURES:** If this form is turned into the Office of Student Affairs **less than 30 days before the start date** of a course being changed, the student must first obtain **signatures** of the course director/s being added and or the course being dropped. Depending on the course & reason for the change/s, the M4 student may need additional signatures at bottom. Check with Karen Braswell in Mastin #202 first.
