SPEAKER

---

In 2023, Senator Katie Boyd Britt was sworn in as Alabama's first elected female Senator and the youngest Republican woman ever elected to the U.S. Senate. She is an important voice in Congress as one of the only moms of school-aged kids serving in the Senate. Senator Britt is proud to champion hardworking families as she fights to grow opportunity and preserve the American Dream for generations to come.

In the 119th Congress, Senator Britt serves on the Committee on Appropriations, where she is Chairman of the Homeland Security Subcommittee; the Senate Committee on the Judiciary; the Committee on Banking, Housing, and Urban Affairs, where she is Chairman of the Housing, Transportation, and Community Development Subcommittee; and the Committee on Rules and Administration. Her committee portfolio strongly positions her to fight effectively for Alabama's people, interests, and values as she continues to identify and achieve tangible, meaningful solutions to the pressing challenges facing Alabama and America.

The proud daughter of two small business owners in Enterprise, Alabama, the foundational values of faith, family, and freedom were instilled in Senator Britt from an early age. Senator Britt holds a B.A. in Political Science from the University of Alabama and a J.D. from the University of Alabama School of Law. A Christian, wife, and mother, faith and family are at the heart of her life. She now resides in Montgomery with her husband, Wesley, and their two children.

# UNIVERSITY OF SOUTH ALABAMA

## A BRIEF HISTORY

After starting without a single building in 1963, the University of South Alabama continues to grow as an academic, research and healthcare Flagship of the Gulf Coast

USA's story began in the early 1960s. Mobile's civic leaders realized that the region had outgrown its small university extension program downtown. They formulated plans for a four-year, degree-granting institution. On May 3, 1963, a bill creating a new, independent university passed the Alabama Legislature. USA was born.

Classes began in June 1964 at a new, \$1 million building in west Mobile. Initial enrollment totaled 276. The pent-up demand for education became obvious when the first fall semester began. Enrollment leaped to 928. Fall 2025 welcomed the largest freshman class ever and marked the third consecutive year of enrollment growth.

That first building is now the Frederick Palmer Whiddon Administration Building, named after USA's first president. Whiddon retired in 1998. His successor, longtime faculty member and administrator V. Gordon Moulton, oversaw a new era of growth into the 21st century. Dr. Tony G. Waldrop, president from 2014 to 2021, continued the USA tradition of visionary leadership focused on discovery, health and learning. Waldrop's successor, President Jo Bonner, enthusiastically promotes a South education as a "first-class ticket to a brighter future." Fall 2024 marked the second consecutive year of enrollment growth. One of South's newest initiatives is the creation of the Office of Military Services, an expansion of the University's support for active-duty members of the U.S. military, their dependents and veterans.

Almost from the moment USA accepted its first students, its leaders ambitiously worked toward establishing a medical school. The College of Medicine charter class began in 1973. The College of Nursing and the Pat Capps Covey College of Allied Health Professions later complemented USA's focus on health education.

Today, USA provides high-quality education in business, the liberal arts, education, engineering, computing, the sciences and healthcare. It offers more than 115 undergraduate, graduate and doctoral degrees through its 10 colleges and schools.

A charter member of the Sun Belt Conference, USA fields teams in 17 Division I sports, including baseball, softball, basketball, soccer, volleyball, tennis, golf, cross country and track and field. In 2020, the football team played its first game in the new Hancock Whitney Stadium.

USA Health is the University of South Alabama's academic health system. With its hospitals and physician practice sites throughout the region, the health system integrates clinical care, research and healthcare education to deliver the most advanced medical care in the region. The recently acquired Providence Hospital joins University Hospital, Children's & Women's Hospital and the Mitchell Cancer Institute as major healthcare centers. USA Health also includes the region's largest multispecialty practice and the only academic physicians group on the upper Gulf Coast.

Work is underway on a new Frederick P. Whiddon College of Medicine building that will allow South to increase its physician class size. The \$230 million facility will round out a medical education hub on campus that includes the College of Nursing, the Pat Capps Covey College of Allied Health Professions, the Health Simulation Building and the Charles M. Baugh Biomedical Library.

The University of South Alabama is driven by purpose and practice to be a coastal-made force for good. Here, opportunity roars.

## ACADEMIC REGALIA

Academic regalia can be traced back to European universities and ecclesiastical practices of the Middle Ages. As early as 1321, costumes identified the status of the wearer. In addition to signaling differences of degree, the garments had functional purposes, providing necessary warmth in sparsely heated buildings.

Regalia differentiate among the three degree levels used by our University; bachelor's, master's, and doctoral degrees. Common to all three levels is the headwear; the familiar square black mortarboard, although soft velvet tams may be worn by those holding doctorates. The gowns appropriate to the three ranks differ in the shape of the sleeves and in the special trim found on the doctoral gown. The bachelor's gown, which is unadorned, has wide sleeves that are pointed at the bottom. The master's gown has curiously designed sleeves, which are elongated at the back and reach downward to the gown's bottom hem. The doctoral gown has bell-shaped sleeves and is distinctively trimmed with velvet facings down the front and three velvet bars on each sleeve. These trimmings may be black or the color appropriate to the discipline in which the degree was awarded.

The hoods worn by those holding the master's and doctoral degrees provide the color of the academic procession. These garments are draped over the shoulders and back to display the linings, which present the colors of the university awarding the degree. Those holding degrees from the University of South Alabama wear hoods lined with chevrons of red, white, and blue. The hoods also have velvet binding, three inches wide for the master's degree and five inches for the doctorate, in a color designating the discipline.

### Academic Honors

Undergraduate students graduating with distinction receive academic honors based on grade-point average: 3.90 – 4.00 Summa Cum Laude; 3.70 – 3.89 Magna Cum Laude; 3.50 – 3.69 Cum Laude. Gold honor cords will be worn to designate academic honors. A distinction will be noted in the commencement program, on the academic transcript and on the diploma. Students who have completed an Honors Senior Project and Thesis and have earned a minimum grade-point average of 3.5, graduate with “Departmental Honors” and it is so noted in the commencement program, on the academic transcript and on the diploma.

### Honors College

Students who complete all Honors College requirements including Honors course work, community service, Honors Senior Project and Thesis, and who maintain a minimum grade-point average of 3.5, graduate with “University Honors.” A distinction will be noted in the commencement program, on the academic transcript and on the diploma. In the commencement ceremony, University Honors students wear a distinctive undergraduate hood.

# THE USA WAY

You will not find it etched on the cornerstone of an ivy-covered building,  
nor in a book on a library shelf.  
You'll have a hard time even pinpointing its origin.  
But the USA Way is very real.  
It describes how we conduct ourselves with integrity, dedication and class,  
simply because it is right to do so.  
The USA Way is being proud, with a grateful heart and a big smile,  
when our students walk across the stage to receive their diplomas  
in a Mitchell Center filled with glistening eyes  
and pure happiness from fellow graduates, families, faculty and friends.  
The USA Way is being passionate about our role in teaching, research and service —  
three elements of a single mission with a common theme:  
to be the best we can be in all that we do.  
The USA Way is being caregivers and healers who give hope to patients,  
providing world-class care from exceptional talents  
through the region's only academic health system.  
Being the biggest has never been the goal.  
Instead, we choose the path of being better —  
better every day than we were the day before.  
The USA Way is being fierce,  
like a Jaguar on the prowl,  
giving each play and every game our very best effort  
while representing the ideals of sportsmanship, character and honor.  
The USA Way is being humble,  
knowing that ours is a tradition steeped in decades, not centuries.  
Each person who came before has helped blaze the trail that we travel today,  
allowing us to build on the success of the past  
as we embrace the future.  
The USA Way is being fiscally prudent, not wasting what we have been given.  
A university built on a solid foundation  
is like the wise man's house built on rock.  
The USA Way is about discovering the servant leader in each of us.  
Sometimes we are called to lead.  
Other times, we are meant to serve.  
No matter which, the USA Way is the north star that we choose to follow.  
Finally, the USA Way is being a member of Jag Nation,  
throwing our J's with confidence and pride for all to see.  
Our destiny was not predetermined.  
Achieving it will never be easy.  
But from our very first days,  
the USA Way has led us to be ambitious, determined and bold,  
moving onward and upward,  
as the Flagship of the Gulf Coast.  
Go Jags!
