Chair Atkins called for consideration of the minutes for a Board of Trustees meeting held on December 4, 2025, **Item 3**. On motion by Mr. Graham, seconded by Dr. Charlton, the Board voted unanimously to adopt the minutes.

Chair Atkins called on President Bonner to present the President's Report, **Item 4**. President Bonner commented on the Distinguished Alumni and Service Awards Ceremony held the previous evening and a photo was shown of the award recipients. He welcomed new Trustee Mr. Ronnie Stallworth to his first Board meeting, as well as his guest Ms. Kimberly Wells, and shared brief background on Mr. Stallworth's academic journey and University engagement, including as the current USA National Alumni Association President. He also recognized Mr. James Lawrence III, Black Student Union ("BSU") President.

President Bonner spoke on recent recruiting trips to Alabama high schools and the palpable excitement among prospective students. He talked about the University's commitment of helping students succeed by recruiting quality faculty, providing state-of-the-art facilities and building upon the legacy of the alumni. He recognized the USA Health Leadership and mission of delivering unmatched patient care. He reflected on the pledge made at the outset of his presidency that the University Leadership would work with the Board to further USA's tradition of bold and ambitious ideas, as exemplified by the capital campaign underway that he said would enable USA to further invest in human potential, elevate its standard of excellence and strengthen its position in the state and region as the Flagship of the Gulf Coast. He outlined ways the University was making an undeniable case for the value of a college education amid trending discussion to the contrary and enrollment declines nationwide.

President Bonner turned to Provost Kent, who welcomed Mr. Stallworth to the Board, and discussed the positive impact of him telling his USA story during recruiting trips. She stated that prospective students and their families were responding to the University's message, as shown by data pointing to a strong fall enrollment. She said showcasing USA on the road held unexpected opportunities as well, recounting how a visit to the Alabama School of Cyber Technology and Engineering led to the creation of an internship program, and noted that meeting Alabama's exceptional students was an honor, like a group at Vestavia Hills High School who had just interviewed for the Whiddon College of Medicine's early acceptance program. She discussed the growth of the Honors College and the Flagship Leaders Scholarship Program; outlined other distinct programs with hands-on curricula that attract students and aid in retaining them through graduation; and credited the faculty for their dedication to students. A graphic of USA's Academic All-Stars for 2025 and 2026 was shown and featured three Goldwater Scholars. Provost Kent spoke on the importance of student engagement alongside academics, and introduced a video of the Jaguar Marching Band participating in a Mystic Striper's parade, accompanied by cheerleaders and members of the Leadership, Student Government Association ("SGA"), Faculty Senate and Southerners.

President Bonner and Provost Kent recognized Mr. James Lawrence III, Mr. KC Crusoe and Dr. Christina Wassenaar for their service as president of the BSU, SGA and Faculty Senate, respectively, for the 2025-2026 academic year. Each was presented a certificate of appreciation.

President Bonner introduced Ms. Miranda Powell, Coordinator of the USA Simulation Program's (the "Program") Standardized Patient Lab. President Bonner invited Dr. Anji Davis, Associate Professor and Director of the Program, as well as Ms. Powell's nominator, to join them, and he read an excerpt from the nomination application. Ms. Powell received a certificate commemorating the award, as well as a round of applause.

As to **Item 5**, President Bonner yielded to Dr. Wassenaar, President of the Faculty Senate (the "Senate"), for a report. Dr. Wassenaar reflected on her Senate experience over three years, and thanked the Board and Leadership for the positive interactions she encountered while serving as Senate President and for their support. She shared that the Senate Leadership, the Executive Committee ("ExComm"), was a collaborative group focused on faculty advocacy, and shared insight on the scope of faculty roles by detailing the significant work and projects in which some ExComm members were involved. She also reminded that senate leaders from Alabama's public and private institutions would be on campus soon to exchange ideas. In closing, she issued Trustees an open invitation to join Senate meetings and classes, and to reach out with questions and feedback.

Chair Atkins called for a report from Mr. Crusoe, SGA President, **Item 6**. Mr. KC Crusoe gave an update on the SGA's work, discussing such initiatives as a partnership with the USA Police and Housing departments to distribute helmets to students with scooters and bikes and to install safety messaging; Parking Ticket Forgiveness Day that raised donations for Mobile's Love All Pantry and the Jag Pantry; and the Appropriations Committee's distribution of close to \$200,000 to sup-

port student organizations over the fall and spring semesters. He also reflected on his academic journey and platform and thanked Board members and others for their commitment to advancing the University and allowing him opportunities to speak.

Chair Atkins called for consideration of the consent agenda resolutions following, **Item 7**, all of which she noted were unanimously recommended for Board approval by the respective committees that met March 5, 2026. (To view additional documents authorized, refer to Appendix A.) On motion by Mr. Shumock, seconded by Mr. Graham, the Board voted unanimously to approve the resolutions:

**RESOLUTION
REVISIONS TO THE UNIVERSITY'S ENDOWMENT FUND INVESTMENT POLICY STATEMENT**

WHEREAS, the University maintains an Endowment Fund Investment Policy Statement ("IPS") to provide governance, oversight, and investment guidance for the management of Endowment assets, and

WHEREAS, the Vice President of Finance and the Executive Director of Treasury Management have recommended revisions to the IPS, including the addition of a new section titled "Prohibited Investments" and an administrative update to the Chief Financial Officer title, further defining investment types that do not align with the Endowment Fund's objectives and strengthening the University's governance framework, and

WHEREAS, such revisions are in the best interest of the University and consistent with prudent fiduciary oversight,

THEREFORE, BE IT RESOLVED THAT, the Board of Trustees of the University of South Alabama hereby approves the revisions to the University's Endowment Fund Investment Policy Statement, effective upon adoption.

**RESOLUTION
USA HEALTH HOSPITALS MEDICAL STAFF APPOINTMENTS AND REAPPOINTMENTS FOR
NOVEMBER AND DECEMBER 2025 AND JANUARY 2026**

WHEREAS, the USA Health Hospitals medical staff appointments and reappointments for November and December 2025 and January 2026 are recommended for Board approval by the Medical Executive Committees and the USA Health Credentialing Board,

THEREFORE, BE IT RESOLVED, the Board of Trustees of the University of South Alabama hereby authorizes the appointments and reappointments as submitted.

Chair Atkins called for a report from the Audit Committee, **Item 8**. Dr. Stokes, Committee Chair, stated that a Committee meeting was held on March 5, 2026, and he briefed the Board on the proceedings.

Chair Atkins called for a report from the Development, Endowment and Investments Committee, **Item 9**. Judge Windom, Committee Chair, advised of a Committee meeting held on March 5, 2026, and he provided an overview on the business that occurred.

Chair Atkins called for a report from the Health Affairs Committee, **Item 10**. Mr. Shumock, Committee Chair, thanked Dr. Fox and Ms. Roberts for facilitating a recent educational session for the Committee. He noted that a Committee meeting took place on March 5, 2026, and presented a summary on the work that took place.

Chair Atkins called for a report from the Academic Excellence and Student Success Committee, **Item 11**. Ms. Brown Stewart, Committee Chair, advised of a Committee meeting held on March 5, 2026, and provided a recap of the proceedings.

Chair Atkins called for a report from the Budget and Finance Committee, **Item 12**. Mr. Perkins, Committee Chair, stated that the Committee met on March 5, 2026, and reviewed the matters addressed. He added that the Committee voted unanimously to recommend Board approval of **Item 13** following and made a motion for its approval. Ms. Mitchell seconded, and the Board voted unanimously to approve the resolution:

Each such series of Series 2026 Bonds shall be dated its date of initial issuance, and shall be issued under such terms, conditions and provisions as are to be set out in the Supplemental Indenture or Supplemental Indentures

hereinafter described, which terms, conditions and provisions shall be determined in accordance with the following plan of financing (the "Plan of Finance"):

(i) any series of Series 2026 Bonds (other than if issued at a variable rate in connection with a Bridge Loan Financing) shall bear interest at a fixed rate, payable semiannually, if issued on the public bond market through the Underwriters, and payable semiannually or on such other basis as shall be determined by the Vice President of Finance, if issued in connection with any short-term or "bridge loan" financing, including without limitation through a direct placement or by means other than a public offering through the public bond market.

Section 3. Authorization of Bridge Loan Financings; Special Bridge Loan Obligations.

(a) The Board does hereby authorize the University to enter one or more arrangements for short term "bridge loan" financing, including, without limitation, through a direct placement or by means other than an offering through the public bond market (a "Bridge Loan Financing") to finance or refinance any of the 2026 Improvements or any of the refinancings described in Section 1 (a) above, as determined by the President and the Vice President of Finance, or either of them. A Bridge Loan Financing may be incurred on a federally taxable or federally tax-exempt basis based upon the advice and recommendation of bond counsel to the University and as determined by the President and the Vice President of Finance, or either of them, and may be in the form of a loan with (i) proceeds delivered at the time of closing, (ii) proceeds made available in advances on a "draw-down" basis over time upon request and satisfaction by the University of certain conditions, or (iii) proceeds delivered on such other basis as determined by the President and the Vice President, or either of them. Proceeds from any Special Bridge Loan Obligations (hereinafter defined) issued in connection with a Bridge Loan Financing shall be applied to pay the costs of issuance of such obligations (including any fees or charges of the Lender, fees of PFM, fees of bond counsel to the University, and other customary fees and charges), to pay the costs of the improvements financed thereby (including reimbursement to the University), and to redeem, retire and pay the obligations to be redeemed and retired thereby.

(b) The obligation of the University to pay a Bridge Loan Financing may (i) be evidenced by or otherwise include one or more Series 2026 Bonds, or (ii) be evidenced by or otherwise include one or more bonds, notes, or other debt obligations of the University not constituting Series 2026 Bonds (such bonds, notes or other obligations not constituting Series 2026 Bonds herein called "Special Bridge Loan Obligations"). The lender or lenders for any Bridge Loan Financing shall be determined by the President and the Vice President, or either of them.

(c) As respects any Special Bridge Loan Obligation (i.e., any bond, note, or other debt obligation of the University not constituting Series 2026 Bonds issued in connection with a Bridge Loan Financing) the following shall be satisfied:

(i) the principal amount of such Special Bridge Loan Obligation, together with all other Special Bridge Loan Obligations incurred under the authority of this resolution, shall not exceed \$60,000,000.

(ii) the dates of payment of the principal of and interest thereon shall be determined by the President and the Vice President of Finance, or either of them.

(iii) as respects Special Bridge Loan Obligations issued on a federally tax-exempt basis, the interest rate, if fixed, shall not exceed 4.25% per annum, and the interest rate, if variable, shall be calculated using a base index of SIFMA or any other index as shall be recommended by PFM, plus a spread recommended by PFM and acceptable to the President and the Vice President of Finance, or either of them, that does not exceed 135 basis points.

(iv) as respects Special Bridge Loan Obligations issued on a federally taxable basis, the interest rate, if fixed, shall not exceed 5.25% per annum, and the interest rate, if variable, shall be calculated using a base index of SIFMA or any other index

as shall be recommended by PFM, plus a spread recommended by PFM and acceptable to the President and the Vice President of Finance, or either of them, that does not exceed 170 basis points.

Section 4. Source of Payment of University Debt. (a) **Series 2026 Bonds.** The principal of and the interest on all Series 2026 Bonds shall be payable from Pledged Revenues as defined in the Indenture. The Series 2026 Bonds shall not represent or constitute obligations of any nature whatsoever of the State of Alabama (the "State"), and shall not be payable out of moneys appropriated to the University by the State. The agreements, covenants and representations contained in this resolution, in the Series 2026 Bonds and in the Indenture do not and shall never constitute or give rise to any personal or pecuniary liability or charge against the general credit of the University, and in the event of a breach of any such agreement, covenant or representation, no personal or pecuniary liability or charge payable directly or indirectly from the general revenues of the University shall arise therefrom. Neither the Series 2026 Bonds nor the pledge or any agreement contained in the Indenture or in this resolution shall be or constitute an obligation of any nature whatsoever of the State, and neither the Series 2026 Bonds nor any obligations arising from the aforesaid pledge or agreements shall be payable out of any moneys appropriated to the University by the State. Nothing contained in this section shall, however, relieve the University from the observance and performance of the several covenants and agreements on its part herein contained and contained in the Indenture.

(b) **Special Bridge Loan Obligations.** The principal of and interest on any Special Bridge Loan Obligations may be unsecured, may be payable from and secured by any funds of the University lawfully available for such purpose, or may be payable from and secured by any specific funds or assets of the University, all as shall be determined by the President and the Vice President for Finance, or either of them, on behalf of the University.

Section 5. Series 2026 Bonds Payable at Par. All remittances of principal of and interest on the Series 2026 Bonds to the holders thereof shall be made at par without any deduction or exchange or other cost, fees or expenses. The bank at which the Series 2026 Bonds shall at any time be payable shall be considered by acceptance of its duties under the Indenture to have agreed that it will make or cause to be made remittances of principal of and interest on the Series 2026 Bonds, out of the moneys provided for that purpose, in bankable funds at par without any deduction for exchange or other cost, fees or expenses. The University will pay to such bank all reasonable charges made and expenses incurred by it in making such remittances in bankable funds at par.

Section 6. Authorization of Supplemental Indentures; Authorization of Bridge Loan Financing Documents. (a) In connection with the issuance of any Series 2026 Bonds, the Board does hereby authorize and direct the President and the Vice President of Finance, or either of them, to execute and deliver, for and in the name and behalf of the University, to the Trustee, a Supplemental University Facilities Trust Indenture dated the date of such series of Series 2026 Bonds in substantially the form presented to the meeting at which this resolution is adopted and attached as Exhibit I to the minutes of said meeting (which form is hereby adopted in all respects as if set out in full in this resolution), updated to reflect the final pricing terms of, and the final number of series of, the Series 2026 Bonds to be issued under such Supplemental Indenture and as further reflected in the Certificate of Compliance (hereinafter defined), and as also herein permitted and, further, to contain provisions required by the provider of any Bond Insurance Policy, if bond insurance is to be procured by the University for some or all of the Series 2026 Bonds to be issued thereunder; and, further, the Board does hereby authorize and direct the Secretary of the Board, the Vice Chair of the Board and the Chair Pro Tempore of the Board to affix to each Supplemental Indenture

the corporate seal of the University and to attest the same. Each Supplemental Indenture shall be supplemental to that certain University Facilities Revenue Trust Indenture between the University and the Trustee dated as of February 15, 1996, as heretofore supplemented and amended, and as shall have been further supplemented and amended prior to the date of such Supplemental Indenture (together with the Supplemental Indenture then to be delivered, the "Indenture"). Each Supplemental Indenture shall be updated to reflect issuance of Additional Bonds hereunder authorized and outstanding as of the date such Supplemental Indenture is executed and delivered.

(b) In connection with any Bridge Loan Financing, the Board does hereby authorize such loan agreements, credit agreements, financing and advance agreements, or other agreements, documents, collateral agreements, and instruments as shall be necessary or desirable to memorialize the terms of such Bridge Loan Financing (collectively, "Bridge Loan Financing Documents"), and does further authorize and approve the issuance of any Series 2026 Bonds (provided the same comply with the Plan of Finance) or any Special Bridge Loan Obligations (provided the same comply with the provision of Section 3(c) hereof) in connection therewith. The Board does hereby authorize and direct the President and the Vice President of Finance, or either of them, to execute and deliver, for and in the name and behalf of the University, any and all Bridge Loan Financing Documents and any Special Bridge Loan Obligations, by and on behalf of the University.

Section 7. Sale of Series 2026 Bonds; Bond Insurance. (a) Series 2026 Bonds sold through the public bond market using an underwriter/broker-dealer shall be sold to BofA Securities, J.P. Morgan, and Truist Securities, or such additional or other underwriters/broker-dealers as shall be determined by the President or Vice President of Finance and noted on the Certificate of Compliance as provided below (collectively, the "Underwriters"). In connection with the sale of Series 2026 Bonds to Underwriters, the Board does hereby authorize and direct the President and the Vice President of Finance, or either of them, to execute and deliver, for and in the name and behalf of the University, a Bond Purchase Agreement with the Underwriters, either in the form required by the Underwriters and approved by the President and the Vice President of Finance, or either of them, or in the form presented to the meeting at which this resolution is adopted and attached as Exhibit II to the minutes of said meeting (which such form of Bond Purchase Agreement is hereby adopted in all respects as if set out in full in this resolution), updated to contain the final pricing terms of the Series 2026 Bonds to be issued pursuant to the applicable Bond Purchase Agreement and as further reflected in the Certificate of Compliance. Any broker-dealer or underwriter not listed in the first sentence of this subsection (a) that the University engages to purchase Series 2026 Bonds shall be named as such in the Certificate of Compliance hereinafter described, and shall be deemed part of the list of names in the first sentence of this subsection (a) above as if stated in full therein.

(b) Series 2026 Bonds sold or issued in connection with a Bridge Loan Financing shall be sold to the lender, bank, financial institution or other purchaser (the "Lender") identified and recommended by PFM and approved by the President and the Vice President of Finance, or either of them. The name of the Lender respecting any Bridge Loan Financing for which Series 2026 Bonds are issued shall be included in the Certificate of Compliance hereinafter described, and the name or names of such Lender or Lenders, as the case may be, shall be deemed part of this Section 7(b) as if stated in full herein.

(c) The President and the Vice President of Finance, or either of them, are hereby authorized to cause the University to obtain a Bond Insurance Policy for some or all of the maturities of the Series 2026 Bonds if such officer or PFM determines, at or around the sale of such Series 2026 Bonds, that the estimated present value of the premium of such policy will be less than the present value of the estimated or expected interest savings on such Series 2026 Bonds insured by, and as a result of, such policy.

(a) The Board does hereby authorize and direct the President and the Vice President of Finance, or either of them, with respect to any Series 2026 Bonds to be issued on the same date through the public bond market to cause to be finalized and circulated by the Underwriters, a Preliminary Official Statement respecting such Series 2026 Bonds, the form of which is attached hereto as Exhibit III, with such modifications to reflect (i) material information concerning the University and its operations as of the time the said document is to be circulated for consideration by prospective investors in such Series 2026 Bonds, (ii) preliminary principal amounts and relevant preliminary pricing information for such Series 2026 Bonds, (iii) information respecting a Bond Insurance Policy and the provider thereof if bond insurance is procured by the University for some or all of the maturities of such Series 2026 Bonds, and (iv) such other material information concerning such Series 2026 Bonds, all as such officers, either independently or upon consultation with the Underwriters, bond counsel to the University and/or PFM, shall determine necessary or desirable for inclusion in such Preliminary Official Statement. The President and the Vice President of Finance, or either of them, are hereby authorized to cause any such Preliminary Official Statement to be "deemed final" as of its date within the meaning of Rule 15c2-12(b)(1) promulgated by the U.S. Securities Exchange Commission (the "Rule") and thereafter circulated to prospective investors in the Series 2026 Bonds.

(b) The Board does hereby authorize and direct the President and the Vice President of Finance, or either of them, to execute, for and in the name and behalf of the University, an Official Statement with respect to any series of Series 2026 Bonds sold through the public bond market, corresponding to the Preliminary Official Statement used for the sale of such Series 2026 Bonds, dated the date of sale of such Series 2026 Bonds, in substantially the form of the Preliminary Official Statement circulated to prospective investors of such Series 2026 Bonds, with such changes as shall be necessary to conform to the provisions of this resolution to reflect the final pricing terms of such Series 2026 Bonds, to include information respecting a Bond Insurance Policy and the provider thereof if bond insurance is procured by the University for some or all of the maturities of such Series 2026 Bonds (if not included in the Preliminary Official Statement circulated by the Underwriters prior to sale of such Series 2026 Bonds), to reflect the other terms approved in accordance with the provisions of this resolution, and to reflect such other changes as shall be approved by the President and the Vice President of Finance, or either of them, and acceptable to the Underwriters. The Board does hereby declare that any Official Statement so executed by the President or the Vice President of Finance shall be the Official Statement of the University with respect to such Series 2026 Bonds issued in connection therewith.

of them (the "Continuing Disclosure Agreement"). The Continuing Disclosure Agreement is to be entered into contemporaneously with the issuance of the Series 2026 Bonds sold in connection therewith in order to assist the Underwriters of such Series 2026 Bonds in complying with the Rule. The rights of enforcement of the said Continuing Disclosure Agreement shall be as provided therein, and in no event shall a default by the University thereunder constitute a default hereunder or under the Indenture.

Each of the Chair Pro Tempore, Vice Chair, and Chairman of the Budget and Finance Committee is hereby designated as a "Designated Board Member" for purposes of this resolution. Any Designated Board Member, together with any Designated Officer, are hereby authorized to approve the remaining details of the Plan of Finance. When the details of the Plan of Finance have been approved by a Designated Board Member and a Designated Officer, the designees shall execute, in the name and on behalf of the Board and the University, respectively, a certificate evidencing such approval (the "Certificate of Compliance") in substantially the form set forth on Exhibit V hereto, and shall file a copy of such certificate with the Secretary of the Board, and such certificate shall be maintained in the records of the Board by the Secretary of the Board. The Certificate of Compliance may be executed in counterparts.

Section 12. Application of Proceeds of Series 2026 Bonds; Application of Proceeds of Special Bridge Loan Obligations. (a) With respect to any series of Series 2026 Bonds, the entire proceeds derived by the University from the sale thereof, less and except the underwriter's discount to be retained by the Underwriters, the premium for any Bond Insurance Policy, if any, obtained for such Series 2026 Bonds to be wired directly by the Underwriters to the provider thereof, and any commitment fee or other charges levied by any Lender under a Bridge Loan Financing, as the case may be, shall be applied and used for the purposes herein described and as shall be specified in the Supplemental Indenture under which such Series 2026 Bonds are issued once updated to reflect the terms of the Certificate of Compliance respecting such Series 2026 Bonds, or as otherwise directed pursuant to a written order from the President and the Vice President of Finance, or either of them.

4. CLOSING

4A. Conditions Precedent to Closing. The obligations of Buyer to consummate Closing (hereinafter defined) shall be subject to the fulfillment on or before the Closing Date (hereinafter defined) (or such earlier time as otherwise required hereby) of all of the following conditions (the “**Buyer Closing Conditions**”), any or all which may be waived by Buyer in its sole and

absolute discretion by the provision of written notice by Buyer to Seller specifying any such waivers:

- (a) Title Policy. Receipt by Buyer and/or its assignee of a Proforma Title Commitment for the issuance of a Title Policy in form and content satisfactory to Buyer in its sole and absolute discretion;
- (b) Survey. Receipt by Buyer and/or its assignee of an ALTA survey in form and content acceptable to Buyer in its sole and absolute discretion;
- (c) Estoppel Certificates/SNDAs. Receipt by Buyer and/or its assignee of all Estoppel Certificates and SNDAs.
- (d) Representations and Warranties. The representations and warranties of Seller in this Agreement shall be true and correct in all material respects, and certified by Seller to Buyer as such, on and as of the Closing Date.
- (e) Seller Default. Seller not being in default under the terms and conditions of this Agreement.

In the event any of the Buyer Closing Conditions have not been satisfied by the Closing Date, Buyer will have the option for and in consideration of the Independent Contract Consideration to: (i) proceed forward with Closing on the Closing Date; or (ii) terminate this Agreement by written notice to Seller on the Closing Date, in which event this Agreement shall terminate, the Deposit shall be returned to Buyer and the Parties shall have no further rights, duties and/or obligations hereunder, other than those which are expressly provided to survive the termination of this Agreement. The failure of the occurrence of any of the Buyer Closing Conditions shall not be deemed a default by Seller hereunder; provided, that if the failure of the satisfaction of any of Buyer Closing Condition is also as a result of a Seller default, Buyer may seek all remedies set forth in Section 15(b).

4B. CLOSING DATE. The “Closing” of the purchase and sale of the Property contemplated hereby will occur on or before January 21, 2026 (the “Closing Date”); provided, however, that Buyer shall have the right to cause Closing to occur on any particular business day that is no later than the scheduled Closing Date by the giving of written notice to Seller of the business day on which Buyer intends to conduct the Closing, which date shall be at least three (3) business days after the date of such notice. Closing will take place at the office of the Title Company; provided, however, Buyer and Seller shall use commercially reasonable efforts to cause Closing to occur without either Party having to be physically present at such office of the Title Company.

5. CONDITION OF THE PROPERTY.

(a) Buyer and Seller agree that, except for any warranties and representations expressly set forth in this Agreement, the Property owned by Seller and being transferred with the sale is transferred in “AS IS” condition. Buyer acknowledges and agrees that, except as provided in the preceding sentence: (i) it is accepting the Property “AS IS” based upon its own independent inspection thereof; and (ii) Seller has made no such warranties or representations

with respect to any governmental limitations or restrictions, or the absence thereof, pertaining to the Property, with regard to the physical condition of the Property, including, but not limited to, the condition of the land, leasehold or any improvements comprising the Property, the existence or non-existence of hazardous materials, economic projections or market studies concerning the Property, any development rights, taxes, bonds, covenants, conditions and restrictions affecting the Property, water or water rights, topography, drainage, soil, subsoil of the Property, the utilities serving the Property or any zoning or building laws, rules or regulations or environmental laws affecting the Property. Except as otherwise expressly set forth herein, Buyer agrees that the entire risk as to the quality and performance of the Property is with Buyer.

(b) Buyer acknowledges that Buyer is a sophisticated and experienced buyer of real estate and further that Buyer has had, and will be given pursuant to this Agreement, an adequate opportunity to make such legal and factual and other inquiries and inspections as Buyer deems necessary, desirable or appropriate with respect to the Property.

(c) Without in any way limiting the generality of the preceding subparagraphs (a) and (b), Buyer specifically acknowledges and agrees that, except for any claims it may have under provisions of this Agreement that, by their express terms, survive the Closing, upon closing this transaction it fully and irrevocably waives, releases and discharges any claim it has, might have had or may have against Seller and its employees, officers, directors, representatives, agents, attorneys, affiliates, and parent companies with respect to the condition of the Property, either patent or latent and including without limitation, the actual or potential income or profits to be derived from the Property, the real property taxes or assessments now or hereafter payable thereon, the compliance with any environmental protection, pollution or land use laws, rules, regulations or requirements, any and all liability in connection with any claims affecting the Property with respect to violations of environmental laws which Buyer may have against Seller or any affiliates of Seller, and any other facts which exist with respect to the Property. It is understood and agreed that the Purchase Price has been adjusted by prior negotiations to reflect that all of the Property transferred by Seller to Buyer in connection with the sale of the Property is subject to the foregoing. It is not contemplated that the Purchase Price will be increased if costs to Buyer associated with the Property prove to be less than expected nor will the Purchase Price be reduced if Buyer's plan for the Property leads to higher cost projections.

(d) The terms and provisions of this Section 5 shall survive the Closing.

6. CONVEYANCE.

At the Closing, Seller shall convey the Property to Buyer, and the title to the Property will transfer from Seller to Buyer and will be subject only to the following matters:

(a) The Permitted Exceptions;

(b) Matters affecting the condition of title to the Property created by or with the written consent of Buyer; and

(c) Covenants, Conditions, Reservations, Restrictions, Easements, Right of Way, and Building set back lines per plat map of USA Mapp Subdivision recorded as Slide Number 2740-E.

The parties agree that (i) except as specifically provided for in this Agreement, Seller makes no express or implied warranties regarding the condition of title to the Property, and (ii) Buyer shall rely on the Title Policy (as that term is defined below) for protection against any title defects.

7. TITLE INSURANCE COMMITMENT.

(a) Within ten (10) days of the Effective Date, Buyer shall obtain, at Seller's sole cost and expense, a title commitment applicable to the Property, from The Guarantee Title Company (the "**Title Company**"), to issue a title insurance policy to Buyer (the "**Title Commitment**"), in the amount of the Purchase Price, together with legible copies of all documents evidencing the items indicated as specific exceptions to the Title Commitment. Buyer shall notify Seller in writing (the "**Title Notice**") five (5) days after Buyer's receipt of the Title Commitment, which exceptions to title, if any, will not be accepted by Buyer. If Buyer fails to notify Seller in writing of its disapproval of any exceptions to title within such five (5) day period, Buyer shall be deemed to have approved the condition of title to the Property. If Buyer notifies Seller in writing that Buyer objects to any exceptions to title (a "**Disapproved Exception**"), Seller shall have five (5) calendar days after receipt of the Title Notice to notify Buyer whether Seller intends in its sole and absolute discretion to: (a) remove such Disapproved Exception from title on or before the Closing; or (b) not to cause such Disapproved Exception to be removed. Seller's failure to respond within such five (5) calendar day period (or by the expiration of the Inspection Period, whichever is earlier) shall be deemed an election by Seller not to cause such Disapproved Exceptions to be removed. The procurement by Seller in its sole discretion of an endorsement and/or affirmative coverage to the Commitment insuring Buyer against any Disapproved Exception shall be deemed a cure by Seller of such disapproval. The parties acknowledge and agree that Seller's election not to remove a Disapproved Exception under clause (b) above shall not be a default by Seller under this Agreement. If Seller gives Buyer notice under clause (b) above, Buyer shall have the earlier of (i) three (3) calendar days after the date of such notice, or (ii) the expiration of the Inspection Period, in which to notify Seller that Buyer will nevertheless proceed with the purchase in accordance with the provisions of this Agreement and take title to the Property subject to such Disapproved Exception, or that Buyer will terminate this Agreement. Buyer's failure to respond within such period shall be deemed an election to proceed under this Agreement to Closing. Any exceptions permitted on the Title Policy pursuant to this Section are referred to herein as "**Permitted Exceptions**". If this Agreement is terminated pursuant to the foregoing provisions of this paragraph, then neither party shall have any further rights or obligations hereunder (except for Buyer's Inspection Indemnity set forth in Section 10), the Deposit shall be refunded to Buyer, and each party shall bear its own costs incurred hereunder. Notwithstanding anything in this Section to the contrary, no timeframes in this Section shall be purported to extend the expiration of the Inspection Period or the Closing and any title matters not resolved by the expiration of the Inspection Period shall be deemed Permitted Exceptions.

(b) Notwithstanding anything to the contrary in this Agreement, however, in the event that any monetary liens are created by, through, or under Seller, then Seller shall have an affirmative obligation to remove same on or before Closing, or Buyer may elect to close with a deduction from the Purchase Price for the amount reasonably necessary to cure such monetary liens created by, through, or under Seller. At Closing, Seller agrees to use a portion of the

purchase proceeds to pay off any existing financing encumbering the Property, and if any amount in excess of the purchase proceeds is required to pay off such financing, to pay such additional amount from other funds of Seller, and Seller will provide a release from same from the Lender.

(c) At the Closing, Buyer shall cause the Title Company to deliver to Buyer a “marked-up” or Pro Forma Title Commitment, which shall update the status of record title of the Property to the most current date available from the Title Company, delete any new exceptions not initially appearing in the Title Commitment created by Seller, and delete the gap period exception. The cost of any Buyer requested endorsements to the title policy issued pursuant to the Commitment (the “**Title Policy**”) shall be a cost of Buyer at Closing.

8. SURVEY AND ENVIRONMENTAL.

(a) Survey: The parties acknowledge that Seller has delivered to Buyer, Seller’s most current existing survey for the Property in Seller’s possession. Buyer shall, at its sole cost and expense, procure an updated survey (the “**Survey**”). Buyer shall be entitled to review the Survey and deliver a Title Notice to Seller as to any matters Buyer objects to therein pursuant to the terms and conditions in Section 7 above, in which event any matters set forth in such Title Notice will be handled in the same manner as provided for title matters under Section 7 above.

(b) Environmental: Buyer may procure at its sole cost and expense, a Phase I Environmental Audit of the Property prepared in accordance with ASTM Standards E-1527-93. Buyer shall be entitled to review and either accept or reject the Phase I Environmental Audit at any time prior to expiration of the Inspection Period. If Buyer rejects the Phase I Environmental Audit prior to expiration of the Inspection Period, Buyer’s sole remedy shall be to terminate this Agreement and receive a refund of the Deposit and the parties shall have no further duties or obligations under this Agreement, except for Buyer’s obligations under the Inspection Indemnity and any obligations that by the express terms of this Agreement survive termination.

9. COSTS AND EXPENSES, CONTINGENCY FEE, PRORATIONS AND LETTERS OF CREDIT.

(a) Seller Closing Costs and Expenses: Seller shall pay the following costs and expenses:

(i) Title premium and expenses for the Title Commitment, title search, Title Policy;

(ii) Transfer taxes due on the Ground Lease Assignment and the Ground Lease Deed, if applicable;

(iii) Recording costs for the Memorandum of Ground Lease Assignment and the Ground Lease Deed;

- (v) One-half of any escrow fees;
- (vi) All costs of Seller's lender;
- (vii) Seller's share of prorations; and
- (viii) Seller's attorneys' fees.

(b) Buyer's Closing Costs and Expenses: In addition to any specific costs set forth herein to be paid by Buyer, Buyer shall pay for the following costs and expenses:

- (i) Buyer-requested title endorsements;

- (iii) One-half of any escrow fees;
- (iv) All costs of Buyer's lender;
- (v) Buyer's share of prorations; and
- (vi) Buyer's attorneys' fees.

(c) Settlement Statement: A preliminary settlement statement will be prepared by Seller, Buyer, and Title Company no later than three (3) business days prior to the Closing Date (or as early as reasonably practicable) (the "**Settlement Statement**"). The Settlement Statement, once agreed upon, shall be signed by Buyer and Seller. Prorated items shall be paid at Closing by Buyer to Seller (if the prorations result in a net credit to Seller) or by Seller to Buyer (if the prorations result in a net credit to Buyer) by increasing or reducing the cash to be delivered by Buyer in payment of the Purchase Price at the Closing. If the actual amounts of the proration items are not known as of the Closing, the prorations will be made at Closing on the basis of the best evidence then available.

(d) Prorations:

(i) Taxes and Assessments: All non-delinquent general real estate taxes on the Property will be prorated as of the Closing Date based on the actual current tax bill. If the Closing takes place before the real estate taxes are fixed for the tax year in which the Closing Date occurs, the apportionment of real estate taxes will be made on the basis of the real estate taxes for the immediately preceding tax year based upon the maximum discount allowed. There shall be no re-proration of taxes after Closing. All delinquent taxes and all delinquent assessments, if any, on the Property, and all interest and penalties due in connection therewith, will be paid by Seller at Closing. All special assessments relating to the Property that are certified or become a lien on or before the Closing Date, whether or not payable in installments, shall be credited to Buyer at Closing, as will any taxes collected by Seller pursuant to any Sublease but not yet paid.

(ii) Service Contracts; Expenses:

All remaining bills and expenses of every nature relating to the Property, including those for ground lease payments, labor, materials, utilities, services, capital improvements, and any other common area charges incurred by Seller for the period ending on the day immediately preceding the Closing shall be paid by Seller, except for any such expenses incurred by or at the direction of Buyer in connection with Buyer's inspection of the Property, all of which expenses incurred by or at the direction of Buyer shall be paid by Buyer. All expenses or costs arising or incurred on or after the Closing for the Property shall be paid by Buyer.

(iii) Rental Payments and Other Income:

(1) All rents, operating expense charges, security charges, pass-throughs (including, but not limited to, franchise and margin taxes), tax and insurance escalation charges, and all other fees and charges due under any Subleases and all other items of income with respect to the Property, whether or not any of the foregoing are due, have been billed, or have been collected as of the Closing, shall be allocated between Buyer and Seller as of the Closing, with Seller receiving credit for all periods of time prior thereto and Buyer receiving credit for the date of the Closing and all times thereafter. Seller shall retain the right to any tenant improvement overages which are due and owing as of the Closing Date and shall have the right to collect same.

(2) All rents, charges, fees or income actually collected as of the Closing shall be prorated on the Settlement Statement.

(3) If any of said rents, charges, fees or incomes have not been collected at the time of Closing, then Buyer and Seller hereby agree that such amounts shall be applied upon their receipt in the following order of priority: (i) rents, charges, fees and income for the month of Closing, (ii) past-due rents, charges, fees and income owed to Seller, and (iii) past-due rents, charges, fees and income owed to Buyer. If any rents, charges, fees or income are past-due and uncollected at the time of Closing, Buyer agrees to use commercially reasonable efforts to collect the same. Buyer and Seller agree to promptly pay any and all amounts collected hereunder to the party to whom such amounts are owed in accordance with the provisions hereof.

(4) With respect to rents, charges, fees or incomes that are not due or have not been billed as of the Closing and for which the billing period therefor includes dates both prior to and after the Closing Date, Buyer agrees to use its commercially reasonable efforts and due diligence to collect same as and when due and to promptly remit Seller's prorated share thereof to Seller as and when collected. Seller's pro rata share of such rents, charges, fees or incomes shall be

determined on the basis of the number of days in the billing interval for which the same is due occurring prior to the Closing.

(5) With respect to rents, charges, fees or incomes that have not been collected at the time of Closing with respect to periods prior to the Closing, Seller shall have the right to bring any action against any tenant under the Subleases to collect the same, provided that all such actions must be commenced within one-hundred eighty (180) days after the Closing Date and no such action shall seek possession of any portion of the Property or the eviction of any tenant from the same.

(iv) Tenant Deposits: There are no tenant deposits.

(v) Utilities: Seller will notify all utility companies servicing the Property of the transfer of the Property. Buyer will notify the utility companies that all utility bills for the period commencing on the day after the Closing Date are to be sent to Buyer. If following the Closing Date either Buyer or Seller receives a bill for utilities or other services provided to the Property for the period in which the Closing Date occurred, Buyer and Seller will equitably prorate the bill.

(vi) Insurance. Insurance, if any, carried by Seller on the Property shall be terminated at Closing, and Buyer shall be solely responsible for acquiring insurance coverage on the Property.

(vii) Intentionally Deleted.

(viii) Method of Proration: All prorations will be made as of 11:59 p.m. of the day before the Closing Date, based on a 365-day year or a thirty (30) day month, as applicable, with Seller retaining all income and revenue and paying all expenses accrued as of said date. The parties agree to promptly readjust the prorations after Closing as and when complete and accurate information becomes available, if such information is not available at the Closing, and a statement to that effect is to be set forth on a closing settlement statement. Seller and Buyer agree to cooperate and use their commercially reasonable efforts to make such adjustments no later than sixty (60) days after Closing.

10. INSPECTION PERIOD

(a) Inspection Period/Right of Termination:

(i) From Effective Date, through and including January 20, 2026 (the “**Inspection Period**”), Buyer may elect and shall have the right to terminate and cancel this Agreement for any or for no reason whatsoever, by giving Seller written notice thereof prior to the expiration of the Inspection Period, and upon notice of such termination, the Escrow Agent shall return the Deposit to Buyer, and thereafter the parties shall have no further duties, obligations or responsibilities hereunder except for Buyer’s obligations under the Inspection Indemnity and any obligations of any party hereto which by the express terms of this Agreement, survive termination.

(ii) If Buyer fails to timely deliver to Seller written notice of its election to terminate this Agreement prior to the expiration of the Inspection Period, then Buyer shall be deemed to have waived any right to terminate this Agreement pursuant to this Section 10(a).

(b) Delivery of Copies. Seller has provided to Buyer those items and materials described on Schedule 10(b) attached hereto (collectively, the “**Due Diligence Materials**”), if any and to the extent reasonably available or in Seller’s possession. The costs of the Buyer’s due diligence, including any third party reports, will entirely be paid by the Buyer.

Buyer expressly agrees that Seller is furnishing the Due Diligence Materials for informational purposes only and without representation or warranty as to the accuracy or completeness of the contents of such materials. Buyer covenants and agrees that it will not rely on such documents and information and will conduct its own due diligence on all matters referred to in such documents and information, or otherwise relating to the Property. In addition, Buyer agrees that the information obtained pursuant to such due diligence information and studies or inspections shall be kept in confidence and shall not be revealed to outside parties other than to its agents, representatives, lenders, investors, principals, affiliates, or as otherwise required by law. In the event that this Agreement is terminated, Buyer will immediately return to Seller all due diligence information previously provided to Buyer by Seller.

(c) Entry and Access to Property:

(i) From and after the Effective Date, Buyer, its agents and other representatives shall have a continuing right to inspect the Property and all parts thereof, at reasonable times and from time to time upon two (2) business days written (including electronic correspondence) notice to Stuart Kessler. Buyer may, at Buyer’s sole risk and expense, undertake a complete physical inspection of the Property as Buyer deems appropriate; provided, however, that any such inspection does not cause any material damage to the Property. The above notwithstanding, Buyer shall only have the right to inspect the offices of tenants during business hours unless otherwise agreed upon by Seller or such tenant. Buyer agrees that while conducting its inspection neither it nor its agents and other representatives will unreasonably interfere with the business and operations of the tenants.

(ii) Notwithstanding the foregoing, in no event shall Buyer or its agents or representatives conduct any physical testing, drilling, boring, sampling or removal of, on or through the surface of the Property (or any part or portion thereof) including, without limitation, any ground borings or invasive testing of the Improvements (collectively, “**Physical Testing**”), without Seller’s prior written consent, which may be withheld in Seller’s sole and absolute discretion. In the event Buyer desires to conduct Physical Testing of the Property, then Buyer shall submit to Seller, for Seller’s approval; a written description of the scope and extent of the proposed Physical Testing and (ii) certificates of commercial general liability insurance from an insurance company authorized to do business in Alabama covering such entry from the environmental company performing the Physical Testing, which certificates shall provide that such insurance shall not be canceled or changed until at least seven (7) calendar days' prior written notice is given to the Seller and shall name the Seller as an additional insured thereunder.

(iii) Buyer covenants not to interfere with Seller's operation of the Property, and to exercise said rights in the least intrusive manner.

(iv) Buyer's representatives shall have the right to make such inquiries of governmental agencies, utility companies, title companies, surveyors, environmental consultants, and other like parties as it considers appropriate; provided however, Buyer's representatives may not alter any approvals, permits or zoning for the Property. Additionally, under no circumstances, shall Buyer encumber the Property prior to Closing or revise any entitlements prior to Closing without the prior written consent of Seller.

(v) All such inspections, investigations and examinations shall be undertaken at Buyer's sole cost and expense and in accordance with all applicable laws. Buyer shall not contact any tenants without Seller's prior written approval and will coordinate all on-site inspections and tenant interviews with Stuart Kessler so that Seller shall have the option of having one of Seller's representatives present at any and all such on-site inspections.

(vi) Buyer agrees that it shall perform its inspections, including tenant interviews, in strict accordance with all procedures and requirements requested by Seller as Seller deems necessary in order to protect all tenant or patient information and otherwise comply with all applicable privacy laws. Buyer agrees not to unreasonably disrupt the business operations on the Property or any of the tenants during its inspections and Buyer further agrees not to disclose to any third party any non-public information contained in books of account, customer lists or any other proprietary information provided to Buyer by Seller, except as required by law or to Buyer's agents and other representatives, and otherwise as may be necessary or desirable for the purposes of this transaction, without the express prior written consent of Seller.

(vii) Prior to entering the Property for any test, study or investigation, Buyer shall furnish to Seller a certificate of insurance evidencing comprehensive general public liability insurance of not less than \$1,000,000 per occurrence, and \$2,000,000 in the aggregate, insuring the person, firm or entity performing such test, studies and investigations and listing Seller and Buyer as additional insured's thereunder.

(d) Inspection Indemnity:

Notwithstanding anything to the contrary contained in this Agreement, Buyer shall:

(i) Immediately pay or cause to be removed any liens filed against any of the Property as a result of any actions taken above by or on behalf of Buyer;

(ii) Immediately repair and restore the Property and all improvements thereon to the same condition existing immediately prior to the conduct of Buyer's entry thereon; and

(iii) To the extent permitted by law, indemnify, defend and hold Seller harmless from and against all claims, damages or losses incurred on the Property and to anyone on the Property as a proximate result of the actions taken above by Buyer, any of its agents,

representatives or contractors, or any persons performing inspection activities or other activities on its behalf. This Section 10(d) is herein referred to as the “**Inspection Indemnity.**” The terms and provisions of this Inspection Indemnity shall survive any termination of this Agreement.

(e) At least two (2) calendar days prior to the Closing Date (to the extent the form is provided to Seller by Buyer), Seller shall use commercially reasonable efforts deliver to Buyer an estoppel certificate by each tenant in favor of Buyer and its assigns and any lender of Buyer, which estoppel certificate shall set forth the lease term, rent, information regarding any defaults or outstanding obligations of any parties under the Leases and other information reasonably required by Buyer or its lender in form and content reasonably required by Buyer or Buyer’s lender or in such form as may be set forth on any of the Leases (the “**Estoppel Certificates**”). The Estoppel Certificates must be current as of the Closing Date and dated within thirty (30) days of the Closing Date. In the event that Buyer or Buyer’s lender requires, Seller shall also use commercially reasonable efforts to assist Buyer in obtaining fully executed subordination, non-disturbance and attornment agreements from each tenant all in form and content reasonably required by Buyer or Buyer’s lender or on such form as may be set forth on any of the Leases (“**SNDA**”).

11. COVENANTS AND REPRESENTATIONS OF SELLER. Seller hereby represents, warrants and covenants to Buyer, as of the date of this Agreement, the following:

(a) No Representations by Seller: Except as expressly set forth in this Section 11, Buyer acknowledges that Seller has not made any warranties, covenants or representations concerning any of the Property or any component thereof, including, without limitation, the operation or the costs or results of the operation thereof, any economic forecast or projection concerning earnings, value or profits, the zoning or other land use restrictions affecting the Property, the enforceability of any contract or other agreement or right pertaining to the Property, the compliance of the Property or any part thereof with any laws, statutes, rules, ordinances, decrees, judgment or orders applicable thereto, the use, existence or prior use or existence of any hazardous substances therein or thereon. Except as expressly set forth in this Section 11, Buyer agrees that it will accept the Property on the Closing Date in its then “**AS IS**” condition.

(b) Authority: Seller is a limited liability company, duly organized and validly existing under the laws of the State of Florida and authorized to do business in the State of Alabama. Seller has the right, power and authority to enter into this Agreement, and this Agreement and the transactions contemplated by this Agreement have been authorized and approved by Seller, and this Agreement constitutes the valid and binding obligation of Seller and is enforceable against Seller in accordance with its terms. The persons executing this Agreement on behalf of Seller have full authority to execute this Agreement and all other documents required by this Agreement on behalf of Seller.

(c) Ancillary Agreements: To Seller’s knowledge, this Agreement will not violate any provisions of any agreement or other instrument to which Seller is a party.

Members: Chandra Brown Stewart, Scott Charlton, Steve Furr, Luis Gonzalez, Ron Jenkins, Ronnie Stallworth and Mike Windom were present.

Other Trustees: Alexis Atkins, Ron Graham, Meredith Hamilton, Arlene Mitchell, Lenus Perkins, Jimmy Shumock, Steve Stokes and Jim Yance.

Administration & Guests: Jim Berscheidt, Joél Billingsley, Jo Bonner, Derek Boulware and Lydia Brown (Hope for All Gulf Coast), Nicole Carr, Monica Ezell, Drew Gossen, Charlie Guest, Nia Jackson (Hope for All Gulf Coast), Buck Kelley, Andi Kent, Spence Larche, Laura Moore, Ian Osbourn, Allen Parrish, Andrei Pavelescu, Kristen Roberts, Lisa Roddy, Eric Steward, Margaret Sullivan, Peter Susman, Christina Wassenaar (Faculty Senate), Andrzej Wierzbicki and Brionna Wilson.

Following the attendance roll call, **Item 16**, Ms. Brown Stewart called for consideration of the minutes for a meeting held on December 3, 2025, **Item 17**. On motion by Capt. Jenkins, seconded by Judge Windom, the Committee voted unanimously to adopt the minutes.

Ms. Brown Stewart called on Provost Kent to discuss the activities of the Division of Academic Affairs, **Item 18**. Provost Kent introduced Dr. Andrzej Wierzbicki, College of Arts and Sciences Dean, who provided context on the new Jaguar Marching Band (the “JMB”) Complex slated to be dedicated the following day. UNIVERSITY OF SOUTH ALABAMA
(A Component Unit of the State of Alabama)
Management's Discussion and Analysis (Unaudited)
March 31, 2026

Introduction

The following discussion presents an overview of the financial position and financial activities of the University of South Alabama (the University), including the University of South Alabama Health System (USA Health), a division of the University, at March 31, 2026 and 2025, and for the six months then ended. This discussion has been prepared by University management and should be read in conjunction with the financial statements and notes thereto, which follow.

The basic financial statements of the University consist of the University and its component units. The financial position and results of operations of the component units either are blended with the University's financial position and results of operations or are discretely presented. The treatment of each component unit is governed by pronouncements issued by the Governmental Accounting Standards Board (GASB). As more fully described in note 1 to the basic financial statements, the University of South Alabama Professional Liability Trust Fund, the University of South Alabama General Liability Trust Fund, USA HealthCare Management, LLC, Jaguar Athletic Fund, University of South Alabama Foundation for Research and Commercialization (FRAC), Providence Medical Network IPA, LLC (Providence IPA), USA Health Auxiliary, Inc. (Auxiliary) and various billing entities are reported as blended component units. The University of South Alabama Foundation, USA Research and Technology Corporation, University of South Alabama Health Care Authority, South Alabama Medical Science Foundation, Providence Foundation, and Gulf Coast TotalCare are discretely presented.

Financial Highlights

At March 31, 2026 and 2025, the University had total assets and deferred outflows of approximately \$2,463,976,000 and \$2,512,817,000, respectively; total liabilities and deferred inflows of approximately \$1,666,551,000 and \$1,846,967,000, respectively; and net position of approximately \$797,425,000 and \$665,850,000, respectively.

There was an overall decrease in restricted cash balances between 2025 and 2026 of approximately \$12,083,000, or 46%, to \$13,907,000, due largely to a decrease in unspent bond proceeds of approximately \$10,578,000. Deferred outflows had an overall decrease between 2025 and 2026 of approximately \$194,126,000, or 42%, to \$267,989,000 as a result of actuarial changes related to the University's defined-benefit cost-sharing pension plan and other postemployment benefit plans.

An overview of each statement is presented herein along with financial analysis of the transactions impacting each statement. Where appropriate, comparative financial information is presented to assist in the understanding of this analysis.

Analysis of Financial Position and Results of Operations

Statement of Net Position

The statement of net position presents the assets, deferred outflows, liabilities, deferred inflows, and net position of the University at March 31, 2026 and 2025. Net position is displayed in three parts: net investment in capital assets, restricted, and unrestricted. Restricted net position may be either expendable or nonexpendable and is the net position that is restricted by law or external donors. Unrestricted net position is generally designated by management for specific purposes and is available for use by the University to meet current expenses for any purpose. The statement of net position, along with all of the University's basic financial statements, is prepared under the economic resources measurement focus and the accrual basis of

accounting, whereby revenues are recognized when earned and expenses are recognized when incurred by the University, regardless of when cash is exchanged.

Assets included in the statement of net position are classified as current or noncurrent. Current assets consist primarily of cash and cash equivalents, patient receivables, and investments. Of these amounts, restricted and unrestricted cash and cash equivalents, patient receivables, and investments comprise approximately 43%, 24%, and 17%, respectively, of current assets at March 31, 2026. Noncurrent assets consist primarily of capital assets, net, restricted investments, and lease receivables. Of these amounts, capital assets, net, restricted investments, and lease receivables comprise approximately 69%, 19% and 6%, respectively, of noncurrent assets at March 31, 2026. The decrease in total assets and deferred outflows is attributed to a decrease in deferred outflows related to other postemployment benefits.

The condensed schedules of net position at March 31, 2026 and 2025 follow (in thousands):

Management's Discussion and Analysis (Unaudited)
March 31, 2026

Total assets and deferred outflows of the University as of March 31 is as follows:

Net position represents the residual interest in the University's assets and deferred outflows after liabilities and deferred inflows are deducted. Net position is classified into one of four categories:

Net investment in capital assets represents the University's capital assets less accumulated depreciation and outstanding principal balances of the debt attributable to the acquisition, construction, or improvement of those assets.

Restricted nonexpendable net position consists primarily of the University's permanent endowment funds. In accordance with the policies of the University and donor agreements, the earnings from these funds may be expended, but the corpus may not be expended and must remain intact with the University in perpetuity.

Restricted expendable net position is subject to externally imposed restrictions governing their use. The funds are restricted primarily for debt service, capital projects, student loans, and scholarship purposes.

Unrestricted net position represents amounts not invested in capital assets or not subject to externally imposed stipulations. Even though these funds are not legally restricted, the majority of the University's unrestricted net position has been internally designated for various projects, all supporting the mission of the University. Unrestricted net position includes funds for various academic and research programs, auxiliary operations, student programs, capital projects, and general operations. Also included in unrestricted net position at March 31, 2026 and 2025 is the impact of the net pension liability recorded pursuant to the requirements of GASB Statement No. 68, *Accounting and Financial Reporting for Pensions—an amendment of GASB Statement No. 27*, and the impact of the net OPEB liability recorded pursuant to the requirements of GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*.

UNIVERSITY OF SOUTH ALABAMA
(A Component Unit of the State of Alabama)
Management's Discussion and Analysis (Unaudited)
March 31, 2026

Net position of the University as of March 31 is as follows:

Restricted net position increased by approximately \$28,797,000 between March 31, 2026 and 2025, primarily due to market increases on endowment investments and gifts to the University. Unrestricted net position (deficit) decreased by approximately \$(21,121,000) between March 31, 2026 and 2025, primarily as a result of a large decrease in net other postemployment benefits and increased investment in capital assets. A summary of unrestricted net position (deficit) at March 31, 2026 and 2025 is summarized as follows (in thousands):

	<u>2026</u>	<u>2025</u>
Unrestricted deficit related to net pension liability	\$ (262,755)	(279,777)
Unrestricted deficit related to net OPEB liability	(208,131)	(396,009)
Unrestricted net position related to other activity	<u>359,388</u>	<u>585,409</u>
Unrestricted net position (deficit)	<u>\$ (111,498)</u>	<u>(90,377)</u>

Statement of Revenues, Expenses, and Changes in Net Position

Changes in total University net position are based on the activity presented in the statement of revenues, expenses, and changes in net position. The purpose of this statement is to present the changes in net position resulting from operating and nonoperating revenues earned by the University, and operating and nonoperating expenses incurred by the University, as well as any other revenues, expenses, gains, and losses earned or incurred by the University.

Operating revenues include all revenues and expenses other than nonoperating revenues and expenses, such as student tuition and fees, net of scholarship discounts and allowances; patient service revenues, net of

provision for bad debts; most federal, state, and local grants and contracts; sales and services of auxiliary enterprises, net of scholarship allowances; and lease revenue.

Nonoperating revenues include subsidies received or provided, contributions to permanent and term endowments, revenues and expenses related to financing, resources from the disposal of capital assets and inventory, and investment income and expenses.

With the adoption of Statement No. 103, *Financial Reporting Model Improvements*, the University updated revenue and expense classifications based on the new definition of nonoperating revenues and expenses. GASB Statement No. 100, *Accounting Changes and Error Corrections—an amendment of GASB Statement No. 62*, states reporting periods that are earlier than those presented in the basic financial statements that are affected by a change in accounting principle should not be restated in required supplementary information, including MD&A. Based on this guidance, the condensed schedule of revenues, expenses, and changes in net position presented below for 2025 is reflective of revenue and expense classifications prior to the adoption of Statement No. 103. See Note 1(II) for further discussion.

The condensed schedules of revenues, expenses, and changes in net position for the six months ended March 31, 2026 and 2025 follow (in thousands):

Prior to 2026, USA Health Auxiliary, Inc (Auxiliary) was not presented in the University's financial statements because it was not considered significant enough to warrant inclusion in the University's reporting entity. In 2026, the University determined Auxiliary would be included in the University's reporting entity as a blended component unit going forward resulting in the University recognizing a change to or within the financial reporting entity by restating beginning unrestricted net position approximately \$983,000 in accordance with GASB Statement No. 100, *Accounting Changes and Error Corrections-an amendment of GASB Statement No. 62*. All significant transactions between the University and its blended component units have been eliminated.

In fiscal year 2025, the University adopted the provisions of GASB Statement No. 101, *Compensated Absences*, which requires the University to recognize a liability for leave that has not been used if it is attributable to services already rendered, the leave accumulates, and the leave is more likely than not to be used for time off or otherwise paid in cash or settled through noncash means, as well as any leave that has been used but not yet paid or settled through noncash means. The adoption of the provisions of GASB Statement No. 101 resulted in an increase to current portion of other long-term liabilities of approximately \$3,145,000 and other long-term liabilities,

less current portion of approximately \$21,046,000. In accordance with GASB Statement No. 100, *Accounting Changes and Error Corrections—an amendment of GASB Statement No. 62*, beginning unrestricted net position was restated by approximately (\$24,191,000) for the impact related to the adoption of GASB Statement No. 101. See note 13 for further discussion.

Prior to fiscal year 2025, the Jaguar Athletic Fund (JAF) and the USA Foundation for Research and Commercialization (FRAC) were not presented in the University's financial statements because they were not considered significant enough to warrant inclusion in the University's reporting entity. In fiscal year 2025, the University determined both JAF and FRAC would be included in the University's reporting entity going forward resulting in the University recognizing a change to or within the financial reporting entity by restating beginning unrestricted net position by approximately \$1,423,000 in accordance with GASB Statement No. 100, *Accounting Changes and Error Corrections—an amendment of GASB Statement No. 62*.

The University experienced an increase in enrollment of approximately 2% annually each year beginning with 2022 through 2025. The rise in enrollment for Fall 2025 is due to the largest freshman class on record along with increased retention of upperclassmen.

The enrollment trend for the University between 2021 and 2025 is as follows:

A state appropriation in the amount of approximately \$161,458,000 and \$150,375,000 was authorized for the years ended September 30, 2025 and 2024, respectively. Additional supplemental appropriations of approximately \$35,990,000 and \$37,533,000 were received in 2025 and 2024 for advancement and technology, capital project improvements, certain academic and healthcare initiatives, and equipment. A state appropriation in the amount of approximately \$171,210,000, representing an increase of approximately 6%, has been authorized for the year ending September 30, 2026. While no announcement has been made, the University is aware that reductions in the 2026 appropriation are possible.

The five-year trend of state appropriations for the University is as follows:

In addition to state appropriations, the University is subject to declines in general economic and political conditions in the United States and, specifically, the State of Alabama. Weakening of the economy, as well as changes in federal and state funding policies, could potentially have a negative impact on the University's enrollment, extramural funding, endowment performance, and healthcare operations.

(1) Summary of Significant Accounting Policies

(a) Reporting Entity

On May 3, 1963, the Governor of Alabama signed enabling legislation creating the University of South Alabama (the University). The accompanying basic financial statements present the financial position and activities of the University, which is a component unit of the State of Alabama.

The financial reporting entity, as defined by Governmental Accounting Standards Board (GASB) Statement No. 14, *The Financial Reporting Entity*, and amended by GASB Statement No. 39, *Determining Whether Certain Organizations Are Component Units*, GASB Statement No. 61, *The Financial Reporting Entity: Omnibus*, and GASB Statement No. 80, *Blending Requirements for Certain Component Units*, consists of the primary government and all of its component units. Component units are legally separate organizations for which the primary government is financially accountable. In addition, the primary government may determine, through exercise of management's professional judgment, that the inclusion of an organization that does not meet the financial accountability criteria is necessary in order to prevent the reporting entity's financial statements from being misleading. In such instances, that organization is included as a component unit. Accordingly, the basic financial statements include the accounts of the University, as the primary government, and the accounts of the entities discussed below as component units.

GASB Statement No. 61 amended GASB Statements No. 14 and No. 39 and provides criteria for determining whether certain organizations should be reported as component units based on the nature and significance of their relationship with the primary government. Such criteria include the appointment of a voting majority of the board of the organization, the ability to impose the will of the primary government on the organization, and the financial benefits/burden between the primary government and the potential component unit. The statement also clarifies reporting and disclosure requirements for those organizations. Based on these criteria, the University reports University of South Alabama Foundation (USA Foundation), USA Research and Technology Corporation (the Corporation), the University of South Alabama Health Care Authority (HCA), Providence Foundation, South Alabama Medical Science Foundation (SAMSF), Gulf Coast TotalCare (Gulf Coast), and USA Rural Health Care Authority (Rural HCA) as discretely presented component units. As of March 31, 2026, Rural HCA has had no financial activity. Each of these entities issue separate audited financial statements, which can be obtained by contacting Kristen Roberts, Vice President of Finance, University of South Alabama Administration Building, Suite 353, Mobile, Alabama 36688.

GASB requires the University, as the primary government, to include in its basic financial statements, as a blended component unit, organizations that, even though they are legally separate entities, meet certain requirements. Based on these requirements, the University reports the Professional Liability Trust Fund (PLTF); General Liability Trust Fund (GLTF); USA HealthCare Management, LLC; Jaguar Athletic Fund (JAF); USA Foundation for Research and Commercialization (FRAC); USA Health Physician Billing Services, LLC; USA Health Hospital Billing Services, LLC; USA Health Anesthesia Billing Services, LLC; USA Health Reference Lab Billing Services, LLC; USA Health MCI Business Services, LLC; USA Health Children's and Women's Provider Based Clinics, LLC; Providence Medical Network IPA, LLC (Providence IPA); USA Health Rehabilitation Services, LLC; USA Health Specialty

Providers, LLC; USA Health Community Providers, LLC; and USA Health Auxiliary, Inc (Auxiliary) as blended component units.

Prior to 2026, the USA Health Auxiliary, Inc (Auxiliary) was not presented in the University's financial statements because it was not considered significant enough to warrant inclusion in the University's reporting entity. In 2026, the University determined Auxiliary would be included in the University's reporting entity as a blended component unit going forward resulting in the University recognizing a change to or within the financial reporting entity by restating beginning unrestricted net position approximately \$983,000 in accordance with GASB Statement No. 100, *Accounting Changes and Error Corrections-an amendment of GASB Statement No. 62*. All significant transactions between the University and its blended component units have been eliminated.

A summary of the adjustment to beginning net position related to the change to or within the financial reporting entity as of March 31, 2026 is as follows (in thousands):

	September 30, 2025 as previously reported	Change to or within the financial reporting entity	March 31, 2026 as adjusted and restated
Net position	\$ 785,597	983	786,580

The University is also affiliated with the USA Presidential 1963 Fund. This entity is considered a component unit of the University under the provisions of GASB Statement Nos. 14, 39, 61, and 80. However, this entity is not presented in the accompanying basic financial statements as the University does not consider it significant enough to warrant inclusion in the University's reporting entity.

In October 2023, through the acquisition of Ascension Providence, the University obtained joint ownership of HighProv, LLC, and Providence Home Medical Services, LLC. HighProv, LLC and Providence Home Medical Services, LLC are currently included in investments in the basic financial statements in accordance with GASB Statement No.14.

(b) USA HealthCare Management, LLC

In June 2010, the University's Board of Trustees approved the formation of USA HealthCare Management, LLC (HCM). HCM was organized for the purpose of managing and operating on behalf of, and as agent for, payroll activities related to the healthcare clinical enterprise of the University. The University is the sole member of HCM. HCM commenced operations in October 2010 and is reported as a blended component unit.

(c) Professional Liability and General Liability Trust Funds

The medical malpractice liability of the University is maintained and managed in its separate PLTF in which the University, HCM, SAMSF, and HCA are the only participants. In accordance with the bylaws of the PLTF, the president of the University is responsible for appointing members of the PLTF policy committee. Additionally, the general liability of the University is maintained and managed in its separate

GLTF for which the University, HCM, SAMSF, the Corporation, and HCA are the only participants. The PLTF and GLTF are separate legal entities, which are governed by the University Board of Trustees through the University president. As such, PLTF and GLTF are reported as blended component units.

(d) Jaguar Athletic Fund

Jaguar Athletic Fund (JAF) is a not-for-profit corporation that was organized for the purpose of providing support for the athletic programs and student-athletes at the University. JAF is a legally separate entity whose officers and directors are approved by the University's Board of Trustees. JAF is reported as a blended component unit.

(e) USA Jaguar Realty, LLC

Jaguar Realty, LLC (Jaguar Realty) was formed in July 2020 for the purpose of providing students a unique professional opportunity to complete their pre-real estate license education at the University and gain real estate sales experience. The University's Board of Trustees functions as the governing board of Jaguar Realty. As of March 31, 2026, Jaguar Realty has been dissolved.

(f) Providence Medical Network IPA, LLC

Through the Ascension Providence acquisition in October 2023, the University became the sole member of the Providence Medical Network IPA, LLC (Providence IPA). The Providence IPA is a legally separate entity reported as a blended component unit and operates as an independent physician association. Revenues of approximately \$8,786,000, excluding significant transactions between the University and the IPA, are included within other operating revenues on the statement of revenues, expenses, and changes in net position. Expenses of approximately \$8,786,000, excluding significant transactions between the University and the IPA, are included within supplies and other services on the statement of revenues, expenses, and changes in net position. The Providence IPA has a calendar year-end, which differs from the University's September 30 year-end. In accordance with GASB Statement No. 14 and Statement No. 61, the University has included the Providence IPA's financial statements as of and for the year ended December 31, 2025 in the University's financial statements as of and for the six months ended March 31, 2026.

(g) USA Foundation for Research and Commercialization

USA Foundation for Research and Commercialization (FRAC) is a not-for-profit corporation that was organized for the purpose of providing support to the University to foster research and educational initiatives for both students and faculty. FRAC is a legally separate entity whose officers and directors are approved by the University's Board of Trustees. FRAC has one wholly owned subsidiary, NovALtech, LLC. FRAC is reported as a blended component unit.

(h) USA Health Auxiliary, Inc

USA Health Auxiliary, Inc (Auxiliary) was formed to represent the healthcare volunteer programs at USA Health University Hospital, USA Health Mitchell Cancer Institute, USA Health Children's & Women's Hospital and USA Health Physicians Group. The purpose of this organization is to promote and to advance the welfare of USA Health through volunteer service to the entity and its patients and

patrons, and through fundraising. Based on GASB requirements, the University, as the primary government, includes Auxiliary as a blended component unit.

(i) USA Health Billing Limited Liability Companies

Over the last few years, the University formed the USA Health Physician Billing Services, LLC; USA Health Hospital Billing Services, LLC; USA Health Anesthesia Billing Services, LLC; USA Health Reference Lab Billing Services, LLC; USA Health MCI Business Services, LLC; USA Health Children's and Women's Provider Based Clinics, LLC; USA Health Community Providers, LLC; and USA Health Rehabilitation Services LLC as limited liability companies, whereby the University is the sole member. These companies were created to assist with the complex patient and insurance billing of USA Health, a division of the University that includes two hospitals, a free-standing emergency department, a cancer treatment center, and various health clinics. Based on GASB requirements, the University, as the primary government, includes these limited liability companies as blended component units. All significant transactions between the University and its blended component units have been eliminated.

(j) University of South Alabama Health Care Authority

In May 2017, the University's Board of Trustees approved the formation of HCA. HCA is a public corporation created under and pursuant to the provisions of the State of Alabama University Authority Act of 2016. HCA employs physicians and staff of certain physician practice groups as determined appropriate by the University. HCA presents its financial statements in accordance with GASB.

HCA is the sole member of the following companies: USA Health HCA Industrial Medicine Clinic, LLC; USA Health IPA, LLC; USA Health Daphne Family Practice, LLC; USA Mobile County ASC; USA Health HCA Providence Hospital, LLC; and USA Health Providence Retail Pharmacy, LLC. These companies were created to assist with the complex patient and insurance billings within HCA. Based on the criteria listed above, GASB requires HCA, as the primary government, to include each of these limited liability companies as blended component units. All significant transactions among HCA and its blended component units have been eliminated.

During fiscal year 2023, HCA obtained a 51% equity interest in USA BC ASC Holdco, LLC (USA BC ASC Holdco). USA BC ASC Holdco's primary purpose is to invest in ambulatory surgery centers (ASCs) and promote health and wellness to the area. Surgery Center Holdings, Inc. owns the remaining 49%. USA BC ASC Holdco owns 51% of USA Baldwin County ASC, LLC (USA BC ASC), which is a limited liability company that was formed to develop, own, and operate the ASC on the USA Health Mapp Family Campus. The remaining 49% of USA BC ASC is owned by individual physician investors. USA BC ASC Holdco has a calendar year-end, which differs from HCA's September 30 year-end. HCA's capital account balance is presented on the March 31, 2026 statement of net position as a noncurrent investment.

In August 2020, HCA formed USA Health IPA, LLC (the IPA), a limited liability company of which HCA is the sole member. The IPA was formed to operate an independent physician association, which began in August 2021. The IPA has a calendar year-end, which differs from HCA's September 30 year-end. In accordance with GASB Statement No. 14 and GASB Statement No. 61, HCA has included the IPA's financial statements for the year ended December 31, 2025 in HCA's financial statements as of March 31, 2026. Exclusive of transactions between HCA and the IPA totaling approximately

\$1,103,000, IPA revenues and expenses of approximately \$9,524,000 and \$9,524,000, respectively, are included within the statement of revenues, expenses, and changes in net position. For the six months ended March 31, 2026, the IPA has paid approximately \$324,000 in claims to HCA.

During fiscal year 2022, HCA obtained an equity interest in a multimember limited liability company, USA Fairhope Physician Investors, LLC (FPI). FPI was initially considered as a component unit under the provisions of GASB Statement Nos. 14 and 61. Amendment 1 to the initial agreement was executed during fiscal year 2023, removing HCA's control of the entity and ability to impose its will on the entity. The change resulted in HCA's relationship with FPI shifting from a component unit to an investment in a joint venture. FPI has a calendar year-end, which differs from HCA's September 30 year-end. HCA's capital account balance is presented on the March 31, 2026 statement of net position as a noncurrent investment.

Since inception, HCA's operations have been partially funded by the University, with total support amounting to approximately \$17,800,000 for the six months ended March 31, 2026. This support is reported in nonoperating expenses on the University's statement of revenues, expenses, and changes in net position. Due to the significance of the relationship between the University and HCA, HCA is considered a component unit of the University. The accompanying statement of net position and statement of revenues, expenses, and changes in net position for HCA as of and for the six months ended March 31, 2026 are discretely presented.

(k) University of South Alabama Foundation

USA Foundation is a not-for-profit corporation that was organized for the purpose of promoting education, scientific research, and charitable purposes, and to assist in developing and advancing the University in furthering, improving, and expanding its properties, services, facilities, and activities. The USA Foundation has two wholly owned subsidiaries, Knollwood Development, Inc. and Shubuta Timber Services, Inc. Because of the significance of the relationship between the University and USA Foundation, USA Foundation is considered a component unit of the University. The Board of Directors of USA Foundation is not appointed or controlled by the University. The University receives distributions from USA Foundation primarily for scholarship, faculty, and other support. Total distributions received or accrued by the University for the six months ended March 31, 2026 were approximately \$10,619,000 and are included primarily in gifts and capital subsidies in the University's statement of revenues, expenses, and changes in net position. USA Foundation presents its financial statements in accordance with standards issued by the Financial Accounting Standards Board (FASB). USA Foundation is reported in separate financial statements because of the difference in the financial reporting framework since USA Foundation follows FASB rather than GASB. USA Foundation has a June 30 fiscal year-end, which differs from the University's September 30 fiscal year-end. In accordance with GASB Statement No. 14 and GASB Statement No. 61, the University has included USA Foundation's statements as of and for the six months ended December 31, 2025 in the University's financial statements as of and for the six months ended March 31, 2026. The accompanying consolidated statement of financial position and consolidated statement of activities and changes in net assets for USA Foundation as of and for the six months ended December 31, 2025 are discretely presented.

(l) USA Research and Technology Corporation

In June 2002, the University's Board of Trustees approved the formation of the Corporation. The Corporation is a not-for-profit corporation that exists for the purpose of furthering the educational and scientific mission of the University by developing, attracting, and retaining technology and research industries in Alabama that will provide professional and career opportunities to the University's students and faculty. Due to the significance of the relationship between the University and the Corporation, the Corporation is considered a component unit of the University. The Corporation presents its financial statements in accordance with GASB. The accompanying statement of net position and statement of revenues, expenses, and changes in net position for the Corporation as of and for the six months ended March 31, 2026 are discretely presented.

During the six months ended March 31, 2026, the Corporation engaged in several transactions with the University. The University was charged approximately \$895,000 during the six months ended March 31, 2026, for rental space as described in note 6. The University provides certain administrative, property management, utilities, and other support services to the Corporation, for which the University charged approximately \$260,000 for such services during the six months ended March 31, 2026. These charges are reflected in the Corporation's building management and operating expenses as well as legal and administrative fees on the statement of revenues, expenses, and changes in net position.

(m) Providence Foundation

The University became the sole corporate member of the Providence Foundation in December 2024. The Providence Foundation is a not-for-profit corporation whose purpose is to further promote, support and engage in any charitable, scientific, and educational activities established by the University. Total distributions received or accrued by the University for the six months ended March 31, 2026 were approximately \$414,000 and are included primarily in gifts and capital subsidies in the University's statement of revenues, expenses, and changes in net position. Providence Foundation presents its financial statements in accordance with standards issued by the FASB. Providence Foundation is reported in separate financial statements because of the difference in the financial reporting framework since Providence Foundation follows FASB rather than GASB. Providence Foundation has a June 30 fiscal year end, which differs from the University's September 30 fiscal year end. In accordance with GASB Statement No. 14, GASB Statement No. 61 and GASB Statement No. 100, the University has included Providence Foundation's statements for the six months ended December 31, 2025 in the University's financial statements as of March 31, 2026. The accompanying statement of financial position and statement of activities for the Providence Foundation as of and for the six months ended December 31, 2025 are discretely presented.

(n) South Alabama Medical Science Foundation

In August 1981, the South Alabama Medical Science Foundation (SAMSF) was formed as a not-for-profit corporation whose purpose is to support the University's College of Medicine by investing in research and educational activities. The Board of Directors of SAMSF is not appointed or controlled by the University. Due to the significance of the relationship between the University and SAMSF, the SAMSF is considered a component unit of the University. The University receives distributions from SAMSF primarily to support clinical trials and research at the University. Total distributions received or accrued by the University for the six months ended March 31, 2026 were approximately \$83,000 and

are included primarily in other operating revenues and capital contributions and grants in the University's statement of revenues, expenses, and changes in net position. SAMSF presents its financial statements in accordance with standards issued by the Financial Accounting Standards Board (FASB). SAMSF is reported in separate financial statements because of the difference in the financial reporting framework since SAMSF follows FASB rather than GASB. The accompanying statement of net position and statement of revenues, expenses, and changes in net position for SAMSF as of and for the six months ended March 31, 2026 are discretely presented.

(o) USA Rural Healthcare Authority

In December 2025, the University's Board of Trustees approved the formation of USA Rural Healthcare Authority (Rural HCA). Rural HCA is a public corporation created under and pursuant to the provisions of the State of Alabama University Authority Act of 2016 whose purpose is to facilitate the provision of healthcare in South Alabama, particularly in rural areas, to enhance the University's provision of patient care. Based on GASB Statement No. 14, as amended by Statement No. 39, Rural HCA is a discretely presented component unit of the University. As of March 31, 2026, Rural HCA has had no financial activity.

(p) Gulf Coast TotalCare

Gulf Coast TotalCare (GCTC) is an Alabama not-for-profit corporation created for the purpose of operating a community-led network to coordinate the healthcare of Medicaid patients in Southwest Alabama. HCM is the sole corporate member of GCTC and appoints the Board of Directors. Based on GASB Statement No. 14, as amended by Statement No. 39, GCTC is a discretely presented component unit of HCM, which is a component unit of the University. GCTC presents its financial statements in accordance with GASB. The accompanying statement of net position and statement of revenues, expenses, and changes in net position for GCTC as of and for the six months ended March 31, 2026 are discretely presented.

GCTC is wholly owned by HCM. GCTC contracted with HCM to provide management and administrative services for \$0.50 per recipient member per month. For the six months ended March 31, 2026, GCTC remitted management fees to HCM totaling approximately \$359,000. HCM makes contributions to GCTC based on cash flow needs. For the six months ended March 31, 2026, HCM made no cash contributions to GCTC.

(q) Measurement Focus and Basis of Accounting

For financial reporting purposes, the University is considered a special purpose governmental agency engaged only in business-type activities, as defined by GASB Statement No. 34, *Basic Financial Statements—and Management's Discussion and Analysis for State and Local Governments*, as amended by GASB Statement No. 35, *Basic Financial Statements and Management's Discussion and Analysis for Public Colleges and Universities*. Accordingly, the University's basic financial statements have been presented using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis, revenues are recognized when earned, and expenses are recorded when an obligation has been incurred.

Notes to Basic Financial Statements

(r) Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires that management make estimates and assumptions affecting the reported amounts of assets and liabilities, revenues, and expenses, as well as disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

In particular, laws and regulations governing the Medicare and Medicaid programs are extremely complex and subject to interpretation. As a result, there is at least a reasonable possibility that recorded estimates related to these programs could change by a material amount in the near term.

(s) Cash and Cash Equivalents (including restricted amounts)

Cash and cash equivalents are defined as petty cash, demand accounts, certificates of deposit, and any short-term investments that take on the character of cash. These investments have maturities of less than three months at the time of purchase and include repurchase agreements and money market accounts. Restricted cash and cash equivalents share the same definitions and maturities of unrestricted cash and cash equivalents but are designated by external parties for specified purposes such as collateral requirements, designated gifts, or bond proceeds.

(t) Investments and Investment Income

The University reports the fair value of investments using the three-level hierarchy established under GASB Statement No. 72, *Fair Value Measurement and Application*. The fair value of alternative investments (low-volatility, multistrategy funds of funds) and certain private equity partnerships do not have readily ascertainable market values and the University values these investments in accordance with valuations provided by the general partners or fund managers of the underlying partnerships or companies, typically based on net asset value (NAV) of the partnership or commingled vehicle. Because some of these investments are not readily marketable, the estimated fair value is subject to uncertainty and, therefore, may differ from the fair value that would have been used had a ready market for the investment existed. Investments received by gift are recorded at fair value at the date of receipt. Changes in the fair value of investments are reported in net investment income.

(u) Deferred Outflows and Inflows of Resources

Deferred outflows of resources consist of employer contributions to the Teachers' Retirement System of Alabama and the Public Education Employees Health Insurance Plan subsequent to the plan's measurement dates, changes in proportion and differences between employer contributions and proportionate share of contributions related to the Other Post-Employment Benefits (OPEB) plan, changes in actuarial and other assumptions related to the pension plan, the difference between the consideration provided and the net position acquired for South Coast Real Estate Venture, LLC through the Ascension Providence acquisition, and the loss on the defeasement of certain bond series.

Deferred inflows of resources consist of the proportionate share of the differences between expected and actual experience related to the pension plan, net difference between projected and actual earnings on pension and OPEB plan investments, changes of assumptions in the OPEB plan, changes in proportion and differences between employer contributions and proportionate share of contributions

in pension and OPEB plans, gain on the refunding of certain bond series, and the value of contractual rights to lease revenue in future reporting periods.

(v) Bond Premiums, Discounts, and Loss on Extinguishment Costs

Bond premiums, discounts, and loss on extinguishment costs associated with the issuance of certain bond series are capitalized and amortized over the life of the respective bond series on a straight-line basis.

(w) Accounts Receivable

Patient receivables primarily result from hospital and ambulatory patient service revenues. Accounts receivable, other includes amounts due from students, the federal government, state and local governments, or private sources in connection with reimbursement of allowable expenditures made pursuant to the University's grants and contracts. Accounts and patient receivables are recorded net of estimated uncollectible amounts.

(x) Lease Receivable

Lease receivable and current portion thereof on the statement of net position represents the University's contractual right to receive cash in exchange for the right to use an asset for a specific amount of time. Lease receivables are recognized at the commencement date based on the present value of lease payments to be received over the lease term discounted using an appropriate incremental borrowing rate. The commencement date is either when the lessee takes possession of the asset or, in the case of real estate leases, when the landlord makes the building or office space available for use. The value of an option to extend or terminate a lease is reflected to the extent it is reasonably certain the lessee will exercise that option. Interest revenue is recognized as a component of the lease payments received and is included in net investment income on the statement of revenues, expenses, and changes in net position.

(y) Inventories

The University's inventories primarily consist of medical supplies and pharmaceuticals. Medical supplies and pharmaceuticals are stated at the lower of cost (first-in, first-out method) or market.

(z) Capital Assets

Capital expenditures with a cost of \$10,000 or more are capitalized at cost, if purchased, or, if donated, at fair value at the date of donation. Depreciation is provided over the estimated useful life of each class of depreciable assets using the straight-line method. Major aggregate capital asset purchases, including renewals and renovations, are capitalized. Purchases for multiple items of minor equipment are evaluated to see if they are part of a single overall transaction, have a single objective, and meet or exceed the established aggregate threshold of \$75,000. If a purchase of minor equipment meets the aggregate guidelines and has a useful life of two or more years, it is capitalized at cost once all items are received and placed into use. Costs for repairs and maintenance are expensed when incurred. When assets are retired or otherwise disposed of, the cost and related accumulated depreciation are removed from the accounts and the gain or loss, if any, is included in gain (loss) on disposal in the statement of revenues, expenses, and changes in net position.

Certain buildings are componentized for depreciation purposes.

Lease and subscriptions are included in capital assets as right-of-use assets on the statement of net position. Right-of-use assets represent the University's right to use an underlying asset for the specified term and are comprised of leased equipment, buildings, office space, and subscription-based information technology arrangements. Lease and subscription right-of-use assets are recognized at the commencement date based on the present value of the payments over the agreement term discounted using the lessor interest rate or an appropriate incremental borrowing rate. The commencement date is either when the University takes possession of the asset or when the asset becomes available for use. Amortization of right-of-use assets is recognized on a straight-line basis over the agreement term or useful life of the asset, whichever is shorter.

The University evaluates impairment in accordance with GASB Statement No. 42, *Accounting and Financial Reporting for Impairment of Capital Assets and for Insurance Recoveries*. For the six months ended March 31, 2026, no impairments were identified.

(aa) Unrecognized Revenues

Student tuition, fees, and dormitory rentals are billed in advance and initially recorded as a component of unrecognized revenues in the statement of net position and, then recognized in revenue over the applicable portion of each school term.

(bb) Cost Sharing Multiple-Employer Pension Plan

Employees of the University are covered by a cost sharing multiple-employer defined benefit pension plan (the Plan) administered by the Teachers' Retirement System of Alabama (TRS). The TRS financial statements are prepared using the economic resources measurement focus and accrual basis of accounting. Contributions are recognized as revenues when earned, pursuant to Plan requirements. Benefits and refunds are recognized as expenses when due and payable in accordance with the terms of the Plan. Expenses are recognized when the corresponding liability is incurred, regardless of when the payment is made. Investments are reported at fair value. Financial statements are prepared in accordance with requirements of the GASB. Under these requirements, the Plan is considered a component unit of the State of Alabama and is included in the State's Annual Comprehensive Financial Report.

(cc) Postemployment Benefits Other Than Pensions (OPEB)

Employees of the University are covered by a cost sharing multiple-employer other postemployment benefit plan administered by the Alabama Retired Education Employees Health Care Trust (Trust). The Trust's financial statements are prepared using the economic resources measurement focus and accrual basis of accounting. This includes for purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the Trust, and additions to/deductions from the Trust's fiduciary net position. Plan member contributions are recognized in the period in which the contributions are due. Employer contributions are recognized when due pursuant to plan requirements. Benefits are recognized when due and payable in accordance with the terms of the Plan. In accordance with GASB, the Trust is considered a component unit of the State of Alabama and is included in the State's Annual Comprehensive Financial Report.

(dd) Classification of Net Position

The University's net position is classified as follows:

Net investment in capital assets reflects the University's total investment in capital assets, net of outstanding debt obligations related to those capital assets. To the extent debt has been incurred but not yet expended for capital assets, such debt is excluded from the calculation of net investment in capital assets.

Restricted, nonexpendable net position consists of endowment and similar type funds for which donors or other outside sources have stipulated, as a condition of the gift instrument, that the principal is to be maintained inviolate and in perpetuity, and invested for the purpose of producing present and future income, which may either be expended or added to principal.

Restricted, expendable net position includes resources that the University is legally or contractually obligated to spend in accordance with restrictions imposed by external parties.

Unrestricted net position represents resources derived from student tuition and fees, state appropriations, patient service revenues, sales and services of educational activities, and auxiliary enterprises. Auxiliary enterprises are substantially self-supporting activities that provide services for students, faculty, and staff. While unrestricted net position may be designated for specific purposes by action of management or the Board of Trustees, they are available for use at the discretion of the governing board to meet current expenses for any purpose.

When an expense is incurred that can be paid using either restricted or unrestricted resources, the University addresses each situation on a case-by-case basis prior to determining the resources to be used to satisfy the obligation.

(ee) Scholarship Allowances and Student Financial Aid

Student tuition and fees, and certain other revenues from students, are reported net of scholarship discounts and allowances in the statement of revenues, expenses, and changes in net position. Scholarship discounts and allowances are the difference between the stated charge for goods and

services provided by the University and the amount paid by students and/or third parties making payments on the students' behalf. Certain governmental grants, such as Pell grants, and other federal, state, or nongovernmental programs are recorded as either operating or nonoperating revenues in the University's basic financial statements based on their classification as either an exchange or a nonexchange transaction. To the extent that revenues from such programs satisfy tuition and fees and certain other student charges, the University has recorded a scholarship discount and allowance.

(ff) Donor-Restricted Endowments

The University is subject to the "Uniform Prudent Management of Institutional Funds Act" (UPMIFA) of the Code of Alabama. This law allows the University, unless otherwise restricted by the donor, to spend net appreciation, realized and unrealized, of the endowment assets. The law also allows the University to appropriate for expenditure or accumulate to an endowment fund such amounts as the University determines to be prudent for the purposes for which the endowment fund was established. The University's endowment spending policy provides that 4.5% of the five-year invested net asset moving average value (inclusive of net realized and unrealized gains and losses), as measured at September 30, is available annually for spending. The University's policy is to retain the endowment net interest and dividend income and net realized and unrealized appreciation with the endowment after distributions allowed by the spending policy have been made. These amounts, unless otherwise directed by the donor, are included in restricted expendable net position.

(gg) Classification of Revenues

The University has classified its revenues as either operating or nonoperating revenues.

Operating revenues include all revenues and expenses other than nonoperating revenues and expenses, such as student tuition and fees, net of scholarship discounts and allowances; patient service revenues, net of provision for bad debts; most federal, state, and local grants and contracts; sales and services of auxiliary enterprises, net of scholarship allowances; and lease revenue.

Nonoperating revenues include subsidies received or provided, contributions to permanent and term endowments, revenues and expenses related to financing, resources from the disposal of capital assets and inventory, and investment income and expenses.

(hh) Gifts and Pledges

Pledges of financial support from organizations and individuals representing an unconditional promise to give are recognized in the basic financial statements once all eligibility requirements, including time requirements, have been met. In the absence of such a promise, revenue is recognized when the gift is received. Endowment pledges generally do not meet eligibility requirements, as defined by GASB Statement No. 33, *Accounting and Financial Reporting for Nonexchange Transactions*, and are not recorded as assets until the related gift has been received. Unconditional promises that are expected to be collected in future years are recorded at the present value of the estimated future cash flows.

(ii) Grants and Contracts

The University has been awarded grants and contracts for which funds have not been received or expenditures made for the purpose specified in the award. These awards have not been reflected in

the basic financial statements but represent commitments of sponsors to provide funds for specific research or training projects. For grants that have allowable cost provisions, the revenue will be recognized as the related expenditures are made. For grants with work completion requirements, the revenue is recognized as the work is completed. For grants without either of the above requirements, the revenue is recognized as it is received.

(jj) Patient Service Revenues

Patient service revenues are reported at estimated net realizable amounts due from patients, third-party payers, and others for healthcare services rendered, including estimated retroactive revenue adjustments due to future audits, reviews, and investigations. Retroactive adjustments are considered in the recognition of revenue on an estimated basis in the period the related services are rendered and such amounts are adjusted in future periods, as adjustments become known or as years are no longer subject to such audits, reviews, and investigations.

(kk) Compensated Absences

The University accrues leave for employees that has not been used if it is attributable to services already rendered, the leave accumulates, and the leave is more likely than not to be used for time off or otherwise paid in cash or settled through noncash means, as well as any leave that has been used but not yet paid or settled through noncash means. The accrual is based on historical leave usage, is inclusive of salary-related payments that are a function of the salary to be paid, and is measured using employee pay rates as of the date of the financial statements.

(ll) Recently Adopted Accounting Pronouncements

In fiscal year 2026, the University adopted the provisions of GASB Statement No. 103, *Financial Reporting Model Improvements*. The objective of this Statement is to improve key components of the financial reporting model and enhance its effectiveness in providing information that is essential for decision making and assessing a government's accountability. The impact to the University's basic financial statements in the adoption of this statement is still being determined.

In addition, the University adopted the provisions of GASB Statement No. 104, *Disclosure of Certain Capital Assets*. The objective of this Statement is to provide users of government financial statements with essential information about certain types of capital assets and requires disclosure of certain information regarding capital assets to be presented by major class. There was no significant impact to the University in the adoption of this statement.

(2) Income Taxes

The University is classified as both a governmental entity under the laws of the State of Alabama and as a tax-exempt entity under Section 501(a) of the Internal Revenue Code as an organization described in Section 501(c)(3). Consistent with these designations, no provision for income taxes has been made in the accompanying basic financial statements.

In addition, the University's discretely presented component units, except for HCA, are tax-exempt entities under Section 501(a) of the Internal Revenue Code as organizations described in Section 501(c)(3). The income of HCA is excluded from federal and state income taxation pursuant to the provisions of

Section 115(1) of the Internal Revenue Code. Consistent with these designations, no provision for income taxes has been made in the accompanying discretely presented component unit financial statements.

(3) Cash and Cash Equivalents

Pursuant to the Security for Alabama Funds Enhancement Act, funds on deposit may be placed in an institution designated as a qualified public depository (QPD) by the State of Alabama. QPD institutions pledge securities to a statewide collateral pool administered by the State Treasurer's office. Such financial institutions contribute to this collateral pool in amounts proportionate to the total amount of public fund deposits at their respective institutions. The securities are held at the Federal Reserve Bank and are designated for the State of Alabama. Additional collateral was not required for University funds on deposit with QPD institutions. At September 30, 2025, the net public deposits subject to collateral requirements for all institutions participating in the pool totaled approximately \$19.2 billion. The University had cash and cash equivalents, including restricted cash and cash equivalents, in the pool of approximately \$194,632,000 at September 30, 2025.

At March 31, 2026, restricted cash and cash equivalents consist of approximately \$2,751,000 related to unspent bond cash, \$2,708,000 related to cash included in the PLTF and GLTF to pay insurance liability claims, \$8,185,000 related to restricted donations related to certain capital projects, \$242,000 related to endowment funds, and \$21,000 related to security deposits.

(4) Investments

(a) University of South Alabama

The investments of the University are invested pursuant to the University of South Alabama "Nonendowment Cash Pool Investment Policies," the "Endowment Fund Investment Policy," and the "Derivatives Policy" (collectively referred to as the University Investment Policies) as adopted by the Board of Trustees. The purpose of the nonendowment cash pool investment policy is to provide guidelines by which commingled funds not otherwise needed to meet daily operational cash flows can be invested to earn a maximum return, yet still maintain sufficient liquidity to meet fluctuations in the inflows and outflows of University operational funds. Further, endowment fund investment policies exist to provide earnings to fund specific projects of the endowment fund while preserving principal. The University Investment Policies require that management apply the "prudent person" standard in the context of managing its investment portfolio.

The investments of the blended component units of the University are invested pursuant to the separate investment policy shared by the PLTF and GLTF (the Trust Fund Investment Policy). The objectives of the Trust Fund Investment Policy are to provide a source of funds to pay general and professional liability claims and to achieve long term capital growth to help defray future funding requirements. Additionally, certain investments of the University's component units, both blended and discretely presented, are subject to UPMIFA as well as any requirements placed on them by contract or donor agreements.

Certain investments, primarily related to the University's endowment assets, are pooled. The University uses this pool to manage its investments and distribute investment income to individual endowment funds.

(i) *Credit Risk and Concentration of Credit Risk*

Non-Endowment Cash Pool Investment Policy

The objective of the long-term fund is to maximize total return (capital appreciation and income) while managing the risk of significant principal decline.

The University Non-Endowment Long-Term Investment Policy requires that not more than 20% of the long-term fund's assets be allocated to any single actively managed fund and no more than 45% of the long-term fund's assets be allocated to a single fund of funds or multi-manager fund.

Endowment Fund Investment Policy

The objective of the endowment fund is to maximize total return (capital appreciation and income) while managing the risk of significant principal decline.

The University Endowment Fund Investment Policy requires that not more than 10% of the endowment fund's assets be allocated to any single actively managed fund, no more than 35% of the endowment fund's assets be allocated to a single fund of funds or multi-manager fund, and no more than 45% of the endowment fund's assets be allocated to a single investment firm.

The University's exposure to credit risk and concentration of credit risk at March 31, 2026 is as follows:

	Credit rating	Percentage of total investments
Corporate Bonds	Various	2.4 %
Fixed Income Fund of Funds	Various	4.3

Commingled fixed income funds are classified based on the weighted average maturity of the individual investment instruments within each fund.

The University's Investment Policies do not specifically address the length to maturity on investments that the University must follow; however, they do require that the maturity range of investments be consistent with the liquidity requirements of the University.

(iii) *Custodial Credit Risk*

Custodial credit risk is the risk that, in the event of a failure of the counterparty to a transaction, an organization will not be able to recover the value of investment or collateral securities that are in the possession of an outside party. The University's investments are held by third-party institutions in the name of the University. The University's Investment Policies do not specifically address custodial credit risk.

(iv) *Mortgage-Backed Securities*

The University, from time to time, invests in mortgage-backed securities such as the Federal Home Loan Mortgage Corporation (FHLMC), the Federal National Mortgage Association (FNMA), and other government sponsored enterprises of the United States government. The University invests in these securities to increase the yield and return on its investment portfolio given the available alternative investment opportunities.

(v) *Fair Value Measurement*

Fair value measurements represent the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The University measures and records its investments using fair value measurement guidelines established by GASB Statement No. 72. These guidelines prioritize the inputs of valuation techniques used to measure fair value are as follows:

- Level 1: Quoted prices for identical investments in active markets
- Level 2: Observable inputs other than quoted market prices
- Level 3: Unobservable inputs.

The level in the fair value hierarchy that determines the classification of an asset or liability depends on the lowest-level input that is significant to the fair value measurement. Observable inputs are derived from quoted market prices for assets or liabilities traded on an active market where there is sufficient activity to determine a readily determinable market price. Investments that are not traded on an active exchange and do not have a quoted market price are classified as unobservable inputs. The University's assets that have unobservable inputs consist of the investment in real estate, with fair value based on an independent third-party appraisal performed by qualified appraisers specializing in real estate investments, and of investments in private capital, with fair value determined by the investment managers and primarily utilizes management assumptions and best estimates after considering internal and external factors. Other assets included in the University's investment portfolio with unobservable inputs are the shares or units in certain partnerships or other commingled funds that do not have readily determinable fair values. For these funds, fair value is estimated using the NAV reported by the investment managers as a practical expedient to fair value. Such investments have not been categorized within the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net position.

Lease and Subscription Obligations

The University determines whether an arrangement is a lease at inception by evaluating whether the contract conveys the right to use an identified asset and whether the University obtains substantially all of the economic benefits from and has the right to control the asset. Any lease or software subscription identified is recorded as a right-of-use asset under capital assets and lease and subscription obligations. Lease and subscription right-of-use assets and related obligations are recognized at the commencement date based on the present value of the payments over the agreement term discounted using an appropriate incremental borrowing rate. Amortization of right-of-use assets is recognized on a straight-line basis over the specified term or useful life of the asset, whichever is shorter. Interest expense is recognized as a component of the lease or subscription payment and recorded as such in the statement of revenues, expenses, and changes in net position. The difference in methodology between the amortization of the right-of-use asset and the reduction in liability balance related to principal payments will result in a difference between the net right-of-use asset and related lease and subscription obligations.

The University leases various automobiles, buildings, equipment, office space, and software subscriptions under leases expiring at various dates through 2039. Aggregate future minimum lease and subscription payments under noncancelable agreements as of March 31, 2026, by fiscal year, are as follows (in thousands):

	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2027	\$ 17,038	2,242	19,280
2028	24,428	3,212	27,640

2037 – 2039	134	2	136
Lease and subscription obligations	<u>\$ 88,872</u>	<u>10,018</u>	<u>98,890</u>

These amounts are included in lease and subscription obligations and the current portion thereof in the accompanying statement of net position.

The University has commitments under leases and subscriptions for which the lease term has not commenced of approximately \$18,969,000 as of March 31, 2026.

The University leases space from the Corporation and HCA. As of March 31, 2026, the University had lease and subscription obligations of approximately \$5,870,000 related to leases between the University and component units.

Changes in noncurrent liabilities for the six months ended March 31, 2026 are as follows (in thousands):

	<u>Beginning balance</u>	<u>Additions</u>	<u>Reductions</u>	<u>Ending balance</u>	<u>Less amounts due within one year</u>	<u>Noncurrent liabilities</u>

(i) Notes Payable

Notes payable from direct borrowings consisted of the following as of March 31, 2026 (in thousands):

PNC Bank promissory note, 4.38%, payable through 2028	\$ 9,369
Hancock Whitney Bank promissory note, 3.08%, payable through 2031	<u>5,992</u>
	<u>\$ 15,361</u>

The promissory note payable to PNC Bank has a 10-year term and amortization is based on a 10-year term. The promissory note payable is secured by an interest in tenant leases for Buildings II and III, and an interest in income received from rental of Buildings II and III. The Corporation agreed to not transfer or encumber the buildings or its leasehold interest in the real estate on which the buildings stand.

The promissory note payable to Hancock Whitney Bank has a 10-year term and is secured by an interest in rental leases and an interest in income received from rental of Building I. The Corporation agreed to not transfer or encumber the buildings or its leasehold interest in the real estate on which the buildings stand.

In connection with the PNC note and the Hancock Whitney note, the University entered into an agreement with both lenders providing that for any year in which the Corporation's debt service coverage ratio is less than 1 to 1, the University will pay the Corporation rent equal to the amount necessary to bring the ratio to 1 to 1. The debt service coverage ratio is calculated by dividing the sum of unrestricted cash and cash equivalents at the beginning of the year (reduced by current year capital asset additions) and current year change in net position (determined without depreciation, amortization, and interest expenses) by current year debt service. As of September 30, 2025, the Corporation's debt service coverage ratio was 2.22 to 1.

The Corporation's outstanding notes from direct borrowings with PNC Bank and Hancock Whitney Bank contain a provision that, in the event of default, PNC Bank or Hancock Whitney Bank may take any or all of the following actions: (a) declare the loan due and payable, (b) declare the note in default, and (c) exercise any other remedies or rights, which it has under any instrument executed

in connection with the loan. Prior to any of these actions, however, PNC Bank and Hancock Whitney Bank will give the Corporation 30 days to cure the default.

(iii) *Derivative Transaction*

The Corporation was a party to a derivative with Wells Fargo Bank, N.A., the counterparty (successor to Wachovia Bank, N.A. the original counterparty). The derivative was a “receive-variable, pay-fixed” interest rate swap entered into in connection with the promissory note to Wells Fargo Bank, N.A.

The swap was terminated on June 20, 2018 as part of a transaction refunding the Wells Fargo loan with the proceeds of a loan from PNC Bank. The fee paid by the Corporation to Wells Fargo to terminate the swap was \$1,478,000. Pursuant to GASB Statement No. 65, *Items Previously Reported as Assets and Liabilities*, the fee is reported in deferred outflows on the statement of net position and amortized to interest expense according to the percentage of annual interest paid on the loan from PNC Bank to the total interest to be paid on that loan over the 118 months that were remaining on the Wells Fargo loan when the swap was terminated. As of March 31, 2026, the unamortized balance in deferred outflows was approximately \$256,000.

Lease and Subscription Obligations

HCA determines whether an arrangement is a lease at inception by evaluating whether the contract conveys the right to use an identified asset and whether HCA obtains substantially all of the economic benefits from and has the right to control the asset. Any lease or software subscription identified is recorded as a right-of-use asset under capital assets with a related lease and subscription obligation. Right-of-use assets and related obligations are recognized at the commencement date based on the present value of lease payments over the lease term discounted using the lessor interest rate or an appropriate incremental borrowing rate. Amortization of right-of-use assets is recognized on a straight-line basis over the lease term or useful life of the asset, whichever is shorter. Interest expense is recognized as a component of the lease payment and recorded as such in the statement of revenues, expenses, and changes in net position. The difference in methodology between the amortization of the right-of-use asset and the reduction in liability balance related to principal payments will result in a difference between the net right-of-use asset and related lease and subscription liability.

HCA has entered into agreements to lease various buildings and equipment and to utilize various software under lease and subscription obligations expiring at various dates through 2055.

Aggregate future minimum lease payments under noncancelable agreements as of March 31, 2026 by fiscal year, are as follows (in thousands):

(7) Deferred Outflows and Inflows

(a) University of South Alabama

Deferred outflows of resources are consumption of net assets that are applicable to a future reporting period. In 2016, the University issued its Series 2016 Bonds. The proceeds from this series were used to partially defease the Series 2008 Bonds resulting in a loss of the difference between the acquisition price of the new debt and the net carrying amount of the old debt. In accordance with GASB Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*, and GASB Statement No. 65, *Items Previously Reported as Assets and Liabilities*, this loss was recorded as a deferred outflow and is being amortized over the remaining life of the Series 2016-A Bonds. In 2024, the University acquired an 81% ownership interest in a legally separate entity, South Coast Real Estate Venture, LLC (South Coast), as part of the Ascension Providence acquisition. During 2024, the University acquired the remaining 19% ownership interest in South Coast and formally dissolved the entity. In accordance with GASB Statement No. 69, *Government Combinations and Disposals of Government Operations*, the excess consideration provided over the net position acquired was recognized as a deferred outflow of resources and is being amortized over 338 months, the remaining service life of the capital assets acquired. Additionally, in accordance with GASB Statement No. 68, *Accounting and Financial Reporting for Pensions--an amendment of GASB Statement No. 27*, and Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, changes in assumptions, changes in the proportion of total net liabilities relative to other plan participants, differences between employer contributions and the proportionate share of contributions, and employer contribution subsequent to the measurement date of the net pension liability but prior to the end of the fiscal year are presented as a deferred outflow of resources.

The components of deferred outflows of resources as of March 31, 2026 are summarized below (in thousands):

Loss on refunding of 2016-A bonds	\$	4,140
South Coast acquisition		121
Pension		48,264
OPEB		215,464
		215,464
	\$	267,989

Deferred inflows of resources are net asset acquisitions that are applicable to a future reporting period. In 2016, the University issued its 2016-B, C, and D Bonds. In accordance with GASB Statement Nos. 63 and 65, the proceeds from these series refunded the remaining outstanding 2006 Bonds and the resulting gain was recognized as a deferred inflow of resources and was being amortized over the remaining life of the Series 2016-B, C, and D Bonds. In August 2024, the University refunded the Series 2016-B, C, and D with the Series 2024-C Bonds. In accordance with GASB Statement No. 23, *Accounting and Financial Reporting for Refundings of Debt Reported by Proprietary Activities*, Statement No. 63, and Statement No. 65, the difference between the reacquisition price and the net carrying amount of the old debt is reported as a deferred inflow and is being amortized over the remaining life of the Series 2024-C Bonds.

Additionally, in accordance with GASB Statement Nos. 68 and 75, the difference between the expected and actual experience and the net difference between projected and actual earnings on investments are presented as a deferred inflow of resources. Finally, in accordance with GASB Statement No. 87, the deferred inflow of resources attributable to leases is recognized on a straight-line basis over the respective lease terms.

The components of deferred inflows of resources as of March 31, 2026 are summarized below (in thousands):

Gain on refunding of 2016 Series B, C and D Bonds	\$	2,421
Pension		65,731
OPEB		212,359
Leases		108,609
	\$	389,120

(b) Health Care Authority

Deferred inflows of resources represent HCA's right to receive lease revenue in future reporting periods. In accordance with GASB Statement No. 87, Leases, the deferred inflow of resources attributable to leases is recognized on a straight-line basis over the respective lease terms. Deferred inflows as of March 31, 2026 totaled approximately \$3,584,000.

In January 2026, the University entered into a promissory note with Renasant Bank in the amount of \$15,100,000. The proceeds were used to acquire the Ambulatory Surgery Center located on the USA Health MAPP Family campus and the liability related to this promissory note is included in current portion of long term debt on the statement of net position.

A summary of the University's short-term borrowing activity for the six months ended March 31, 2026 follows (in thousands):

Short-term debt:				
Notes payable	\$ -	\$ 15,100	\$ -	\$ 15,100

Substantially all student tuition and fee and auxiliary revenues secure University bonds. Additionally, security for all bonds includes USA Health Children's and Women's Hospital revenues in an amount not exceeding \$10,000,000.

All bond funds are restricted for capital purposes as outlined in the bond indentures. The University is subject to arbitrage restrictions on its bonded indebtedness prescribed by the U.S. Internal Revenue Service. As such, amounts are accrued as needed in the University's basic financial statements for any expected arbitrage liabilities. At March 31, 2026, no amounts were due or recorded in the financial statements.

The University has unamortized bond premiums and discounts related to bond issuance that are reported as deferred inflows and outflows of resources. For further discussion related to these deferred inflows and outflows of resources, see note 7.

(a) University of South Alabama

The University leases land, buildings, and suites to various lessees expiring at various dates through 2070. For the six months ended March 31, 2026, the University recognized a total of approximately \$6,579,000 of inflows of resources from leases, of which approximately \$4,104,000 was recognized as lease revenue and approximately \$2,475,000 which was recognized as interest income. Lease revenue is included within other operating revenues and interest income is included within investment income on the statement of revenues, expenses, and changes in net position.

Of the \$113,148,000 lease receivable, approximately \$94,826,000 is related to leases between the University and its component units.

(b) USA Research and Technology Corporation

The Corporation leases land, buildings, and suites to various lessees under financing leases and short-term leases expiring at various dates through 2057. Space in Buildings I, II, and III is leased to the University and various other tenants. The leases have remaining terms varying from month-to-month to seven years.

Under leases for Buildings I, II, and III, the Corporation must pay all operating expenses of the buildings, including utilities, janitorial, maintenance, and insurance. Tenants will reimburse the Corporation for such expenses only as the total expenses for a year increase over the total expenses for the base year of the lease (which generally is the first calendar year of the lease term). For the six months ended March 31, 2026, the Corporation recognized operating expense reimbursement income of \$219,000 as a component of operating revenues in the statement of revenues, expenses, and changes in net position.

Space under lease to the University was 95,334 square feet at March 31, 2026.

The Corporation owns a building located on the premises of USA Health, which is leased to a single tenant. The Corporation paid for construction of the building shell and land improvements while the tenant paid for the cost of finishing the building's interior. The lease had a 10-year initial term, which was set to expire in March 2020, with three 5-year renewal options. The initial lease was terminated in December 2022 and replaced with a new lease with an initial term of 10 years, expiring in March 2030,

with three 5-year renewal options. Under the lease, the tenant must also pay for utilities, taxes, insurance, and interior repairs and maintenance. The Corporation is responsible for repairs and maintenance to the exterior and HVAC system.

The Corporation, as lessor, had three ground leases in place at March 31, 2026. One lease is for a 40-year initial term expiring in October 2046 with two renewal options, the first for 20 years and the second for 15 years. The second lease is for a 30-year initial term expiring in October 2036 with four 5-year renewal options. The third lease has a 38.5-year initial term expiring in September 2046 with two renewal options, the first for 20 years and the second for 15 years.

The terms and conditions of each lease agreement vary by tenant with some including early termination options. Of the existing lease agreements, two tenants in Building II have options to terminate their lease agreement early if notice is given within the stated timeframe and all, if any, monetary obligations have been met.

For the six months ended March 31, 2026, the Corporation recognized approximately \$170,000 in revenues related to short-term leases and a total of approximately \$1,998,000 of inflows of resources from financing leases, of which approximately \$1,775,000 was recognized as lease revenue and approximately \$223,000 was recognized as interest income in other nonoperating revenues.

The following table provides future minimum lease revenue by fiscal year that is included in the measurement of the lease receivable (in thousands):

The other 47% of total lease revenue is attributable to unrelated third parties. (10) Patient Service Revenues

(a) University of South Alabama

The University of South Alabama Health System (USA Health) has agreements with governmental and other third-party payers that provide for reimbursement at amounts different from their established rates. Contractual adjustments under third party reimbursement programs represent the difference between USA Health's billings at established rates for services and amounts reimbursed by third party payers.

Notes to Basic Financial Statements
Six Months Ended March 31, 2026 (unaudited)

A summary of the basis of reimbursement with major third-party payers follows:

Medicare – Substantially all acute care services rendered to Medicare program beneficiaries are paid at prospectively determined rates. These rates vary according to patient classification systems that are based on clinical, diagnostic, and other factors. Additionally, USA Health is reimbursed for both direct and indirect medical education costs (as defined), principally based on per resident prospective payment amounts and certain adjustments to prospective rate per discharge operating reimbursement payments. USA Health is generally paid for certain retroactively determined items at tentative rates, with final settlements determined after submission of annual cost reports by USA Health and audits by the Medicare fiscal intermediary.

USA Health University Hospital's Medicare cost reports have been audited by the Medicare fiscal intermediary through September 30, 2021. USA Health Children's & Women's Hospital's Medicare cost reports have been audited by the Medicare fiscal intermediary through September 30, 2021.

Revenues from the Medicare program accounted for approximately 16% of USA Health's net patient service revenues for the six months ended March 31, 2026.

Blue Cross Blue Shield – Inpatient services rendered to Blue Cross subscribers are paid at a contractually determined per diem rate based upon Medicare Severity Diagnosis Related Groups. Outpatient services are reimbursed under a contractually determined reimbursement methodology based on Blue Cross Enhanced Ambulatory Patient Groups.

Revenues from the Blue Cross program accounted for approximately 29% of USA Health's net patient service revenues for the six months ended March 31, 2026.

Medicaid – Inpatient services rendered to Medicaid program beneficiaries are reimbursed at all-inclusive prospectively determined per diem rates. Outpatient services are reimbursed based on an established fee schedule.

USA Health qualifies as a Medicaid essential provider and, therefore, also receives supplemental payments based on formulas established by the Alabama Medicaid Agency. There can be no certainty that USA Health will continue to qualify for future participation in this program or that the program will not ultimately be discontinued or materially modified. For the six months ended March 31, 2026, the University received net supplemental payments from this program of approximately \$40,309,000, which is included in patient service revenues on the statement of revenues, expenses, and changes in net position.

Revenues from the Medicaid program accounted for approximately 18% of USA Health's net patient service revenues for the six months ended March 31, 2026.

Other – USA Health has entered into payment agreements with certain commercial insurance carriers, health maintenance organizations, and preferred provider organizations. The basis for payments to USA Health under these agreements includes discounts from established charges and prospectively determined daily and case rates.

(11) Business and Credit Concentrations

(a) University of South Alabama

The University grants credit to patients, substantially all of whom reside in the University's service area. The University generally does not require collateral or other security in extending credit to patients; however, it routinely obtains assignment of (or is otherwise entitled to receive) patients' benefits payable under their health insurance programs, plans, or policies (e.g., Medicare, Medicaid, Blue Cross, preferred provider arrangements, and commercial insurance policies).

Medicaid contract service revenues received from the AMA comprised 100% of Gulf Coast's operating revenues for the six months ended March 31, 2026. Third-party administration fees paid to Triton comprised 91% of Gulf Coast's operating expenses for the six months ended March 31, 2026.

(12) Defined-Benefit Cost-Sharing Pension Plan

Employees of the University are covered by a cost-sharing, multiple-employer defined-benefit pension plan administered by the TRS.

(a) Plan Description

The TRS was established in September 1939, under the provisions of Act 419 of the Legislature of 1939 for the purpose of providing retirement allowances and other specified benefits for qualified persons employed by State-supported educational institutions. The responsibility for the general administration and operation of the TRS is vested in its Board of Control. The TRS Board of Control consists of 15 trustees. The Plan is administered by the Retirement Systems of Alabama (RSA). Title 16-Chapter 25 of the Code of Alabama grants the authority to establish and amend the benefit terms to the TRS Board of Control. The Plan issues a publicly available financial report that can be obtained at www.rsa-al.gov.

(b) Benefits Provided

State law establishes retirement benefits as well as death and disability benefits and any ad hoc increase in postretirement benefits for the TRS. Benefits for TRS members vest after ten years of creditable service. Tier 1 TRS members who retire after age 60 with 10 years or more of creditable service or with twenty-five years of services (regardless of age) are entitled to an annual retirement benefit, payable monthly for life. Service and disability retirement benefits are based on a guaranteed minimum or formula method, with the member receiving payment under the method that yields the higher monthly benefit. Under the formula method, members of the TRS are allowed 2.0125% of their average final compensation (highest three of the last ten years) for each year of service.

Act 377 of the Legislature of 2012 established a new tier of benefits (Tier 2) for members hired on or after January 1, 2013. Act 2022-222 amended benefits for Tier 2 members, and they are now eligible for retirement after 30 years of creditable service and are entitled to an annual retirement benefit, with a 2% reduction for each year under 62, payable monthly for life. Service and disability retirement benefits are based on a guaranteed minimum or formula method, with the member receiving payment under the method that yields the highest monthly benefit. Under the formula method, Tier 2 members of the TRS are allowed 1.65% of their average final compensation (highest five of the last ten years) for each year of service. Members are eligible for disability retirement if they have ten years of credible service, are currently in service, and determined by the RSA Medical Board to be permanently incapacitated from further performance of duty. Preretirement death benefits are calculated and paid to the beneficiary based on the member's age, service credit, employment status, and eligibility for retirement.

(c) Contributions

Covered members of the TRS contributed 5% of earnable compensation to the TRS as required by statute until September 30, 2011. From October 1, 2011 to September 30, 2012, covered members of the TRS were required by statute to contribute 7.25% of earnable compensation. Effective October 1, 2012, covered Tier 1 members of the TRS are required by statute to contribute 7.50% of earnable compensation.

Tier 2 covered members of the TRS contribute 6.2% of earnable compensation to the TRS as required by statute.

Participating employers' contractually required contribution rates are 14.57% of annual pay for Tier 1 members and 13.61% of annual pay for Tier 2 members. These required contribution rates are a percentage of annual payroll, actuarially determined as an amount that, when combined with member contributions, is expected to finance the costs of benefits earned by members during the year, with an additional amount to finance any unfunded accrued liability. Total employer contributions to the pension plan from the University for fiscal year 2026 will be updated when available.

(d) Pension Liabilities, Pension Expenses, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to Pensions

At March 31, 2026, the University reported a liability of approximately \$262,755,000 for its proportionate share of the collective net pension liability. At March 31, 2026, the collective net pension liability was measured as of September 30, 2025 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of September 30, 2024. The University's proportion of the collective net pension liability is based on the employer's shares of contributions to the pension plan relative to the total employer contributions of all participating TRS employers. At the measurement date of September 30, 2025, the University's proportion of contributions to the pension plan was 2.115079%, which was a decrease of 0.035704% from its proportion measured as of September 30, 2024 of 2.150783%.

For the six months ended March 31, 2026, the University recognized pension expense of approximately \$11,283,000, which is included in salaries and benefits on the statement of revenues, expenses, and changes in net position.

(e) Actuarial Assumptions

The total pension liability as of March 31, 2026 was determined by an actuarial valuation as of September 30, 2024, using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.50 %
Investment rate of return*	7.45 %
Projected salary increases**	3.25–5.00%

* Net of pension plan investment expense, including inflation

** Includes inflation

The actuarial assumptions used in the September 30, 2024 valuation were based on the results of an actuarial experience study for the period from October 1, 2015 through September 30, 2020, and a discount rate of 7.45%. Mortality rates for TRS were based on the Pub-2010 Teacher Below Median tables set forward by two years and further adjusted for males (108% ages < 63, 96% ages > 67; phasing down 63–67) and for females (112% ages < 69, 98% > age 74, phasing down 69–74), projected generationally using scale MP-2020 adjusted by 66-2/3% beginning with year 2019.

The long-term expected rate of return on pension plan investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimates of geometric real rates of return for each major asset class are as follows:

	Target allocation	Long-term expected rate of return*
Fixed income	15.0 %	2.8 %
U.S. large stocks	32.0	8.0
U.S. mid stocks	9.0	10.0
U.S. small stocks	4.0	11.0
International developed market stocks	12.0	9.5
International emerging market stocks	3.0	11.0
Alternatives	10.0	9.0
Real estate	10.0	6.5
Cash equivalents	5.0	1.5
	<u>100.0 %</u>	

* Includes assumed rate of inflation of 2.00%

(f) Discount Rate

The discount rate used to measure the total pension liability as of March 31, 2026 was 7.45%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that the employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

(h) Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the separately issued RSA Annual Comprehensive Financial Report for the fiscal year ended September 30, 2025 as well as prior-year reports. The supporting actuarial information is included in the GASB Statement No. 68 Report for the TRS prepared as of September 30, 2025. The auditors' report dated January 30, 2026 on the total pension liability, total deferred outflows of resources, total deferred inflows of resources, and total pension expense for the sum of all participating entities as of September 30, 2025 along with supporting schedules is also available. The additional financial and actuarial information is available at www.rsa-al.gov.

(13) Other Employee Benefits

(a) Other Pension Plans

Certain employees of the University also participate in a defined-contribution pension plan. The defined-contribution pension plan covers certain academic and administrative employees, and participation by eligible employees is optional. The plan is administered by the University and the plan assets are held in annuity contracts and custodial accounts. The annuity contracts are with, and the custodial account assets are invested through investment options offered by, Teachers Insurance and Annuity Association – College Retirement Equities Fund (TIAA-CREF). Under this plan, contributions by eligible employees are matched equally by the University up to a maximum of 3% of current annual pay. The University contributed approximately \$150,000 included in the statement of revenues, expenses, and changes in net position representing 115 employees for the six months ended March 31, 2026.

All employees of HCM working at least half-time are eligible to participate in a defined-contribution pension plan. The plan is administered by HCM and the plan assets are held in annuity contracts and custodial accounts. The annuity contracts are with, and the custodial account assets are invested through investment options offered by TIAA-CREF. Under this plan, contributions by eligible employees are matched equally by HCM up to a maximum of 5% of current annual pay. HCM contributed

approximately \$6,062,000 included in the statement of revenues, expenses and changes in net position representing 2,789 employees participating in this plan for the six months ended March 31, 2026. University employees as of September 30, 2010, who later transfer to HCM, are immediately vested in the plan. All other employees do not vest until they have held employment with HCM for 36 months; at which time, they become 100% vested in the plan.

Effective April 1, 2022, HCM adopted a deferred compensation retirement plan. All nonstudent employees are eligible to defer receipt of a portion of their salary until a later date. The plan is administered by HCM and the plan assets are held in annuity contracts and custodial accounts. The annuity contracts are with, and the custodial account assets are invested through investment options offered by, TIAA-CREF. Under this plan, contributions by eligible employees are not matched by HCM. During the six months ended March 31, 2026, 392 employees participated in this plan. All eligible employees are fully vested in their accounts under this plan immediately upon contributing.

(b) *Compensated Absences*

In fiscal year 2025, the University adopted the provisions of Statement No. 101, *Compensated Absences*, which requires the University to recognize a liability for leave that has not been used if it is attributable to services already rendered, the leave accumulates, and the leave is more likely than not to be used for time off or otherwise paid in cash or settled through noncash means, as well as leave that has been used but not yet paid or settled through noncash means. Regular University employees accumulate vacation and sick leave and hospital and clinical employees accumulate paid time off. These are subject to maximum limitations, at varying rates depending upon their employee classification and length of service. Upon separation of employment, employees who were hired before January 1, 2012 are paid all unused accrued vacation at their regular rate of pay up to a maximum of two times their annual accumulation rate. Employees hired after January 1, 2012 are not eligible for payment of unused accrued vacation or paid time off (PTO) hours upon separation of employment. Employees acquired through the Providence purchase were able to transfer their current PTO balances to the University. This transferred PTO is eligible for payout. The accompanying statement of net position includes accruals for unused leave of approximately \$38,021,000 at March 31, 2026. The accrual is included in other long-term liabilities (and current portion thereof) in the accompanying financial statements.

(14) Other Postemployment Benefit Plans

Retirees of the University are covered by the Public Education Employees Health Insurance Plan (PEEHIP), which is a cost-sharing, multiple-employer defined-benefit OPEB plan administered by the TRS.

(a) *Plan Description*

The Alabama Retiree Health Care Funding Act of 2007 authorized and directed the Public Education Employees Health Insurance Board (Board) to create an irrevocable trust to fund postemployment healthcare benefits to retirees participating in PEEHIP. Active and retiree health insurance benefits are paid through the PEEHIP. The PEEHIP was established in 1983 pursuant to the provisions of the Code of Alabama 1975, Title 16, Chapter 25A to provide a uniform plan of health insurance for active and retired employees of state and local educational institutions and to fund benefits related to the plan. The responsibility for the general administration and operation of the PEEHIP is vested in its Board,

(A Component Unit of the State of Alabama)

which consists of 15 trustees. Title 16-Chapter 25 of the Code of Alabama grants the authority to establish and amend the benefit terms to the PEEHIP Board. GASB Statement No. 75, requires the reporting of the participating employers' share of net OPEB liability and the OPEB expense in the financial statements as well as enhanced financial statements note disclosures.

(b) Benefits Provided

PEEHIP offers a basic hospital medical plan to active members and non-Medicare eligible retirees. Active employees and non-Medicare eligible retirees who do not have Medicare eligible dependents can enroll in a health maintenance organization (HMO). In addition to or in lieu of the basic hospital medical plan or HMO, the PEEHIP offers four optional plans: Hospital Indemnity, Cancer, Dental, and Vision. Also, PEEHIP members (only active and non-Medicare eligible) may elect the Supplemental Plan as their hospital medical coverage instead of the PEEHIP Hospital Medical Plan. This Supplemental Plan provides secondary benefits to the member's primary plan provided by another employer.

Effective January 1, 2020, Medicare eligible members and Medicare eligible dependents covered on a retiree contract were enrolled in the Humana Group Medicare Advantage plan for PEEHIP retirees. Effective January 1, 2023, United Health Care (UHC) Group replaced the Humana contract. The Medicare Advantage Prescription Drug Plan (MAPDP) is fully insured by UHC, and members are able to have all of their Medicare Part A, Part B, and Part D (prescription drug coverage) in one convenient plan. With the UHC plan for PEEHIP, retirees can continue to see their same providers with no interruption and see any doctor who accepts Medicare on a national basis. Retirees have the same benefits in and out-of-network, and there is no additional retiree cost share if a retiree uses an out-of-network provider and no balance billing from the provider.

(c) Contributions

The employer contribution to the health insurance premium is set forth by the Board annually.

Total employer contributions to the OPEB plan from the University were approximately \$8,175,000 for the year ended September 30, 2025 and are included in salaries and benefits on the statement of revenues, expenses, and changes in net position.

(d) OPEB Liabilities, OPEB Expenses, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to OPEB

At March 31, 2026, the University reported a liability of approximately \$208,131,000, for its proportionate share of the net OPEB liability. At March 31, 2026, the net OPEB liability was measured as of September 30, 2025, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of September 30, 2024. The University's proportion of the net OPEB liability was based on a projection of the University's long-term share of contributions to the OPEB plan relative to the projected contributions of all participating employers, actuarially determined. At the measurement date of September 30, 2025, the University's proportion of contributions to the OPEB plan was 2.760277%, which was a decrease of (1.547226)% from its proportion measured as of September 30, 2024 of 4.307503%.

(e) Actuarial Assumptions

The total OPEB liability as of March 31, 2026 was determined by an actuarial valuation performed as of September 30, 2024, using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.50 %

Long-term investment rate of return**	7.00 %
Municipal bond index rate at the measurement date	4.62 %
Municipal bond index rate at prior measurement date	3.89 %

Optional plans trend rate	2.00 %

* Includes 2.75% wage inflation

** Compounded annually, net of investment expense, and includes inflation

*** Initial Medicare trend rates are set based on renewal premium rates through calendar year 2025 with an assumed 0% increase for the upcoming 2026-2028 negotiation period.

Mortality rates were based on the Pub-2010 Teacher Below Median tables set forward by two years and further adjusted for males (108% ages < 63, 96% ages > 67; phasing down 63–67) and for females (112% ages < 69, 98% > age 74, phasing down 69–74), projected generationally using scale MP-2020 adjusted by 66–2/3% beginning with year 2019.

The decremental assumptions used in the valuation were selected based on the actuarial experience study prepared as of September 30, 2020, submitted to and adopted by the TRS on September 13,

2021. The remaining actuarial assumptions (e.g., initial per capita costs, healthcare cost trends, rate of plan participation, rates of plan election, etc.) of the total OPEB liability were based on the September 30, 2024 valuation.

The target asset allocation and best estimates of expected geometric real rates of return for each major asset class are summarized in the following table:

	Target allocation	Long-term expected real rate of return*
Fixed income	30 %	4.40 %
U.S. large stocks	38	8.00
U.S. mid stocks	8	10.00
U.S. small stocks	4	11.00
International developed market stocks	15	9.50
Cash	5	1.50
	<u>100 %</u>	

* Geometric mean, includes 2.50% inflation

(f) Discount Rate

The discount rate used to measure the total OPEB liability at March 31, 2026 was 5.25%. The projection of cash flows used to determine the discount rate assumed that plan contributions will be made at the current contribution rates. Each year, the State specifies the monthly employer rate that participating employers must contribute for each active employee, which is currently \$800 per non-university active member. 9.751% of the employer contributions were used to assist in funding retiree benefit payments in fiscal year 2024. In fiscal year 2025, 23.265% of the employer contributions were used to assist in funding retiree benefit payments. It is assumed the 23.265% will increase at the same rate as expected benefit payments for the closed group with a cap of 23.265%. It is assumed the \$800 rate will increase to \$904 in fiscal year 2026, \$1,085 in fiscal year 2027, and then will increase with inflation at 2.5% starting in fiscal year 2028. The long-term expected rate of return on OPEB plan investments will be determined based on the allocation of assets by asset class and by the mean and variance of real returns. The discount rate determination will use a municipal bond rate to the extent the trust is projected to run out of money before all benefits are paid. Therefore, the projected future benefit payments for all current plan members were projected through 2123.

Additional financial and actuarial information is available at www.rsa-al.gov.

(15) Risk Management

The University, HCM, SAMSF, and HCA participate in the PLTF; and the University, HCM, SAMSF, the Corporation, and HCA participate in the GLTF. An independent trustee administers both funds. These trust funds are revocable and use contributions by the University and HCA, together with earnings thereon, to pay liabilities arising from the performance of its employees, trustees, and other individuals acting on behalf of the University. Any risk related to the payment of claims is the responsibility of the PLTF and GLTF. If the trust funds are ever terminated, appropriate provision for payment of related claims will be made and any remaining balance may be distributed to the participating entities in proportion to contributions made.

UNIVERSITY OF SOUTH ALABAMA
(A Component Unit of the State of Alabama)
Notes to Basic Financial Statements
Six Months Ended March 31, 2026 (unaudited)

As discussed in note 1, the PLTF and GLTF are blended component units of the University and, as such, are included in the financial statements of the University for the six months ended March 31, 2026. Claims and expenses are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Those losses include an estimate of claims that have been incurred but not reported and the future costs of handling claims. These liabilities are generally based on actuarial valuations and are reported at their present value.

The University, HCM, and HCA each participate in a separate self-insured health plan administered by unaffiliated entities. Administrative fees paid by the University for such services were approximately \$1,858,000 for the six months ended March 31, 2026 and are included in salaries and benefits expense on the statement of revenues, expenses and changes in net position. Contributions by the University and its employees, together with earnings thereon, are used to pay liabilities arising from healthcare claims. It is the opinion of University administration that plan assets are sufficient to meet future plan obligations.

The changes in the total self-insurance liabilities for the six months ended March 31, 2026 for the PLTF, GLTF, and health plan are summarized as follows (in thousands):

Balance, beginning of year	\$	66,211
Premiums and other additions		60,580
Claims, administrative fees paid, and other reductions		<u>(58,513)</u>
Balance, end of period	\$	<u><u>68,278</u></u>

These amounts are included in other long-term liabilities and in accounts payable and accrued liabilities in the accompanying statement of net position.

(16) Other Related Parties and Related-Party Transactions

During the six months ended March 31, 2026, the University had certain related-party transactions with affiliates as described below.

USA Presidential 1963 Fund is an Alabama not-for-profit corporation created for promoting charitable, scientific, literary, or educational initiatives that benefit and support the University. This not-for-profit corporation had no financial activity for the six months ended March 31, 2026.

(17) Commitments and Contingencies

(a) Grants and Contracts

At March 31, 2026, the University had been awarded approximately \$76,699,000 in grants and contracts for which resources had not been received and for which reimbursable expenditures had not been made for the purposes specified. These awards, which represent commitments of sponsors to provide funds for research or training projects, have not been reflected in the accompanying basic financial statements, as the eligibility requirements of the awards have not been met. Advances, if any, are included in unrecognized revenues and include amounts received from grant and contract sponsors that have not been expended under the terms of the agreements and, therefore, have not yet been

included in revenues in the accompanying basic financial statements. Federal awards are subject to audit by federal agencies. The University's management believes any potential adjustment from such audits will not be material.

(b) *Litigation*

Various claims have been filed against the University alleging discriminatory employment practices and other matters in the normal course of business. University administration and legal counsel are of the opinion the resolution of these matters will not have a material effect on the financial position or the statement of revenues, expenses, and changes in net position of the University.

(c) *Rent Supplement Agreements*

The University has entered into two irrevocable rent supplement agreements with the Corporation and a financial institution. The agreements require that, in the event the Corporation fails to maintain a debt service coverage ratio of one to one with respect to all of its outstanding indebtedness, the University will pay to the Corporation any and all rent amounts necessary to cause the Corporation's net operating income to be equal to the Corporation's annual debt service obligations (see note 6). As of March 31, 2026, no amounts were payable pursuant to these agreements.

(d) *USA Research and Technology Corporation Leases*

The University has commitments under lease receivables with the Corporation. Space under lease to the University was 95,334 square feet at March 31, 2026. See note 9 for additional details.

(e) *Gulf Coast TotalCare Letter of Credit*

In connection with Gulf Coast TotalCare's participation in the Alabama Coordinated Health Network, it was required to establish a \$250,000 irrevocable standby letter of credit for the sole benefit of the Alabama Medicaid Agency. The letter of credit was obtained through Hancock Whitney Bank and expires on December 30, 2026. The letter of credit is collateralized by a certificate of deposit. No amounts were advanced on the letter of credit during the six months ended March 31, 2026.

UNIVERSITY OF SOUTH ALABAMA

MEMORANDUM

Office of the President

DATE: May 13, 2026

FROM: Jo Bonner, President

A handwritten signature in blue ink that reads "Jo Bonner". The signature is written in a cursive, flowing style.

SUBJECT: Authorization and Justification of Sale of Property Using Licensed Broker;
6.1 Acres on Dauphin Island Parkway, Key No. 01050098 (the "Property").

The purpose of this memorandum is to document the University's justification for listing the Property for sale with a licensed broker in accordance with the University's Land Sale Policy. The Property is located adjacent to Helen Wood Park, which is owned by the City of Mobile (the "City"). The City desires to obtain the Property as a necessary condition for funding related to an improvement project planned by the City that the University also supports.

The University listed the Property with a licensed broker on the commercial MLS and publicized it in accordance with the University's customary practices. The University secured an appraisal for the Property from an independent real estate appraiser and received an offer from the City equal to the amount of the appraisal, which the University accepted. This sale was economically justified, as the Property held little long-term value to the University's mission. The University intends to utilize the proceeds of the sale of the Property to establish a scholarship. In sum, this transaction is in the best interests of the University.
